ACKNOWLEDGEMENT

In the name of Allah, the Most Gracious, the Most Merciful.

Writing this thesis is surely a life changing experience to me. I discover so many things about myself that I am capable of doing or feeling. I had my lowest low and my highest high during the process but, in the end, I find myself grow more mature compare to where I started. It does sound a bit cheesy for some people, but it is true. From where I am now, I can gladly say that it is over and I cherish every moment I had gone through. First of all, I would like to say my huge gratitude to Allah SWT. Who never fails to light my spirit up when I was down and I did not know where else to turn.

This thesis will never be accomplished without the help of my thesis advisor, Masitha A. S., M. Hum.. Thank you for your tremendous aids and advices. Thank you for making me critical toward anything, I never feel the same again since I joined your class for the very first time. I would like to thank you Mrs. Yulia Indarti for her much-appreciated support and patience to me in four and a half year. I also would like to thank you the rest of lecturers of Airlangga University for their guidance and knowledge for all these times.

Undoubtly, there are a lot of people to thank. Without them this thesis will only be a piece of boring work, instead of meaningful experience. First and foremost, I would like to thank my mother, the greatest mom on earth, the best mom I have ever had. And, I dedicate this to my father who has been very supporting all this time

although in his silence. My endless gratitude goes to my parents for letting me. Also I want to thank my younger brother for his enormous accompanies. I am also would like to thank the participant and his family for being permitting and helping the writer in conducting this study.

There are still names to thank because without these guys I would not have great college years. Especially thank you *Destika Ajeng Wulandari* for your never-ending supports and lovely directions. Thank to those some uniquely uncategorized men in RegA and my roommates in the past and recent and those all guys. That is right, legends are lessons. We are all life but it is not enough to be a legend. Let's hope our dreams come true.

more than grammar;
She may be teaching something like a world-view.
