

Number: 03/ISEDEG/Publication/2020

Surabaya, May 26th 2020Subject : **Notification of The Publication Process**

Dear Author(s),

Agung Sujatmiko

We want to let you know that we have sent all ISEDEG manuscripts to IOP publisher for publication as a SCOPUS proceeding. However, we regret that IOP publisher rejected all manuscripts in ISEDEG, because the scope of the discussion was considered too broad.

After reviewing your manuscript titled "**A Model of Legal Protection for Traditional Medicines (Jamu) as Part of Traditional Knowledge**", we intend to submit and publish your manuscript in the indexed journal SCOPUS Q3. We arrange that your manuscript will be published in **Review of International Geographical Education Online - RIGEO** (Scopus Q3). You can make a decision by contacting the committee in charge. If until **May 31, 2020** there is no response from the participants concerned, we assume that the participants withdraw the paper.

We look forward for your confirmation and thank you for your cooperation.

Best regards,

Dr. Nisful Laila, SE., M.Com

Conference Chair

Your all papers Indexed in Scopus

Dear Unair Team

Your papers which were first published in IJICC rather than EEO were not indexed in Scopus. Npw we publish in Rigeo.org and all the papers get indexed in the Scopus database. Please note that the cost of publishing in EEO and RIGEO is borne by IEC as per contact with Unair. Please find the attachment to get the list of papers indexed. It is also to inform that now there is no pending paper for publication or pending for indexing.

Regards
Team IEC
