Dear Dr Hidayat :

LETTER OF PAPER ACCEPTANCE

Title of paper:

A Comprehensive Approach in Pituitary Adenoma Management

Paper Number: GS-6910331

Name of Authors: *Cindy Cecilia, Hanik Badriyah Hidayati*

Thank you for contributing a medical study to the International Medical Journal.

According to peer referee's examination reports, this study gets over quality standard of the IMJ. Therefore, this paper has been accepted for publication in the International

Medical Journal by editorial board of the IMJ. This is, at present, supposed to appear in volume 28 no. 3 (June, 2021) of the IMJ.

We thank you again for contributing a valuable medical article to the IMJ.

Yours faithfully,

IMJ division

Mr. Wataru Uchida

Editorial Office

PS:

1) Please note that your paper will be printed in the IMJ without paying any publication charge because IMJ is supported by the Japan International Cultural Exchange Foundation (JICEF) and the Japan Health Sciences University.

2) After publication, your article will be indexed in SCOPUS, EBSCO etc in due course.

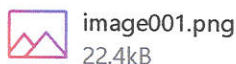

If indexing should be delayed, please contact us. We will ask databases to facilitate indexing procedure.

3) After publication, abstract of your article will be indexed in our original website in due course.

The URL is <https://www.imj-1994.com>. In the site of back number, you can see the abstract of your article.

4) Please also note that it is strictly prohibited to revise and polish up galley during author's proofreading. If you would like to revise or polish up manuscript, please do so before proofreading at your earliest convenience.

March 24th, 2021

Dr. Hanik Badriyah Hidayat

Dear Dr. Hidayat :

RE: Checking up original manuscript and galley by author

IMJ vol. 28 no. 1, February, 2021

Article no. # 27

Attached please find preliminary galley (PDF) of your article. Formal page number will be put at the final stage. Please check if original manuscript is correctly laid out or not and send comment to us through e-mail by March 28th, 2021.

- 1) In the 3rd page, right column, from top 2nd line,,,,,,,,,hormonal abnormality,,,,, This will be revised to,,,,,,,,, Hormonal abnormality,,,,,
- 2) In the 3rd page, right column, Additional Laboratory, radiology investigation From top 4th line,,,,,(table 2) This will be revised to table 1.

Yours faithfully,

IMJ division
 W. Uchida
 Editorial Office

PS:

Please note that proofreading is not an opportunity for author to revise and polish up text at this final stage. That is author must submit a final version of manuscript to the journal. Therefore, what we can accept is minor correction only such as, careless spelling mistakes, illegible letters during layout process and change of affiliation, etc. If you should dare to polish it up, it will be treated as some new submission and may be newly reviewed, and publication will be delayed to some following issue and in some cases it will be rejected for publication.
