## **ACKNOWLEDGEMENT**

Above all, I would like to thank my Allah, that I could live my life up to this now, also for giving me strength to finish this thesis and overcome the obstacles.

I also would like to gratefully thank to my thesis advisor Mr. Dadung Ibnu Muktiono, M. C. S., for his patience, support, kindness, and for helping me through the difficulties in doing this thesis. It would not have been possible to write this thesis without his help. Also through this page I would ask his apology for not being on time for the most of time. With respect, I would like to thank the lecturers of English Department of Airlangga University for the knowledge.

Third, I would like to give it to my beloved family Otex, Koko, and my parents. I owe both of my beloved parents for their continuous love and support, for the patience in having a daughter like me, for which my mere expression of thanks likewise does not suffice. Also my deepest apologize for not being the best daughter, for the wasted time of mine, for unintentionally making them sad and disappointed, for anything I could not do to make them proud. I love you Ma, Pa.

Also thanks for my greatest brother and best friend, Ferrito, to keep supporting me and for being patience through my stressful moment when I was doing this thesis. Also thanks to Bernhard Mayer, Tomas Hencel, and Thomas Noehl, for making my day brighter than ever, for giving me your advices. Thanks for all your support, and your patience. I'm so grateful My lovely, Bagus, always accompany me and pushes me to finish this thesis faster and also for being the

only place I can share all of my thoughts without having any single fear for being judged, for the supports and all the helps to get me through this, thank you.

Next is for my best friends. Dhea, Tritya, Shinta, Cemara Family, and ‘‘Pokezzers’’ for the laughter and tears we share, for helping me solve my problems, thank you so much. My friends who also my ‘partners’ in writing my thesis, Prida and Embok for the argues and debates and for uncountable support to finish this.
