I believe God's helps comes to exist within my mind, my heart, and my soul blessing and guiding me all time so that my thesis has been succesfully completed.

First of all I would like to say thank you very much to my consultant, Drs.Jurianto for his valuable guidance in writing and finishing this thesis.

I wish also to say thank you to the lectures of English Department, Airlangga University who have taught me various courses and helping me to think wiser.

I dedicate my greatest tanks to my beloved mother whose tender love and attentions are just like a candle of my life as well as my study. I will not forget to present my happiness also to my brothers and the whole members of my big family for their materiil and imateriil assistances to the success of my study.

My thanks is also especially dedicated to my close friends that help me in typing this thesis ; Suro, Andre, Golden Eye, and associates.

At last I hardly can find the most appropriate words to show how grateful I am to my dearest girl for always encouraging me and inspiring me with constructive ideas.
