ACKNOWLEDGEMENT

First of all, I would like to gratefully say Alhamdulillah, for Allah S.W.T. gives me strength of resistance to pass through all the shortages I have undergone during the composing of my thesis and at last to accomplish the thesis.

I also want to dedicate my deep gratitude to Ms. Widjayati as my thesis advisor, who has greatly aided me in extending her time to guide me and provide me with either meaningful ideas or references for my thesis and in finishing it.

Further, my appreciation is also directed to all the lecturers of English Department since they have taught me plenty of knowledge that contributes a lot to my thesis too.

Moreover, I am thankful to all my friends who have been very helpful to me. Thanks to Esti, Betty, Tatang, and Yanuar for having been such great companions; to Maya and Yeni who have accompanied me to PETRA; to Yuli who has lent me some references; also to Fitri who has favorably played me several films; and finally thanks to all the boys and girls of '94 students whose names cannot be mentioned in detail.

I also want to say my thankfulness to my parents and family who have supported me to finish my thesis.

Last, but not least, I am especially grateful to Mas Robby who has been such a great helper for me, by lending me his computer, and spared his very limited time yet with nearly borderless patience in favorably accompanying me.
