## ACKNOWLEDGEMENTS

*Alhamdulillahirobbil Aalamiin.* I praise Allah SWT, the Almighty, for leading me to the right path and giving me the strength and precious health in my life. With Your guidance, *Ya Allah*, I can finally finish my years of study in Airlangga University.

My deep gratitude also goes to people who have been standing by me for all these years. Mr. Husein Shahab sets the standard for what an advisor can be. He has been consistently kind, patient, supportive, and insightful over the years. I am profoundly grateful to him and am lucky to count him as a teacher and a friend. To all the English Department lecturers and staff of Airlangga University, especially my academic advisor, Ms. Christinawati, thank you for all the knowledge, encouragement, and help on my way. My discussion friends in Linguist Network: Prof. John J. McCarthy (Massachussets University), Rev. Solomon Sara (Georgetown University), Roger Lass (Cambridge University), Marc Picard, and Gina Cesine, thank you for the books, suggestion, and time, of course, to share ideas with me.

One of the best aspects of being a student is having other students as friends. Over the years I have had a lot of fun with people from many walks of life. I will miss sharing the lunches, the coffee runs, the conversations, the jokes, the parties, the complaints, the gossip and the laughing. To Sally, Kiky, Ilil, Enok, and Rien, many thanks for the genuine love and friendship you offer, and for making your homes as mine! You all have become part of my life, girls. To Heru, Cheky, and Aris, thanks for being my 'boyfriends'. Mas Darno, thanks for

everything. I owe you a lot. To the one and only, 98ers of the English Department, Meme, Arista, Ria, Ayu, Yussi, and the rest of my peer friends, I will not forget the classes we attended together, the discussion, and the beautiful moments we had. I also wish to thank my seniors in the English Department for being my friends and excellent 'consultants'. Thanks also to my friendly office-mates, Niken, Sukis, Sidik, Heri, Ira, Ririn, and Pak Mur. I am very lucky to have friends outside the academics who have supported me and been so understanding. To my Qur'an students, thanks for the inspiration and for making me feel worthy. Your innocent eyes are always able to comfort me, even in my saddest moments. I dedicate this thesis for you all!

Finally, I am truly grateful to my beloved family—Ibu Sumarmi, Bapak Budi Tulus, Anjar—who have given me constant affection, unwavering support, assistance, and uncountable gifts. Mom, thank you for the endless love and prayers. I will not make it without you by my side. To my late father, you are my inspiration for all this time. I hope I can make you proud in every step I make. I will always be your little girl. To my sibling, Anjar, thanks for putting up with me! I always enjoy the quarrel and laughter we have. I could not ask for a better sister. Billy, Otis, Aming, and Wiwis, I love you all!
