ACKNOWLEDGEMENTS

Praise be to Allah, Lord of the Universe, Most Gracious and Most Merciful. Peace be upon his Messenger, Muhammad. I remember a saying "Do your best and let Allah do the rest". This has inspired me to move on conducting and reporting this study however difficult it might be seem in the beginning. It took almost three semesters to finish this thesis, Actually, it could have been completed within three months. The process gave me a new insight and meaning to the term 'college student'. Let me put it this way "Hey, I'm learning. See, I could do this now". Yet, it is only the beginning. There is a long journey to take ahead.

This thesis would not have finished without any help from lecturers. I also wish to acknowledgement special indebtedness to Dra. Anna Dewanti Dipl.Tesl, as the academic advisor and all lecturers of English Department who have given invaluable guidance and precious advice. I would particularly thank to my thesis advisor, Dra. Lilla Musyahda, MPd, for her encouragement, patient guidance, suggestions and spending the time in reading this thesis.

The next gratitude is addressed to my beloved parents, Wibisono Harumbintoro S.E and Hermien Hidayatie S.H, my brothers, Herwindo and Gamma for their support, understanding, patience in helping me for their advice and prayer that makes me able to do my best in this study and most of all, for their love and affections for all this time which make me realize that all of these will not happen without them. All of my heart and soul, I give to you because you are

the love of my life. I just wanna say thanks for being my foundation and my favorite painter in the world.

My incredible best friends, the power of three, Yuni Paramita and Tyas Anindia Apsari, have inspired me on this friendship. My life has completely changed, you capture something inside of me. Thanks for being my mirror, greatest sisters, power, soulmate friends and I am really proud being with both of you for 6 years. I am never going to leave your side!!

My deepest gratitude is due to bunda, papa Sebastian, ibu and ayah who have been my 2nd parents in Surabaya. I never feel loneliness far from my parents, just because all of you.

I would like to express my warmest thanks to 98ers (Anna, Yusi, Dewi, Yeni, Prast, Agung, Egi, Hasan, Erika, Ina, Ardi, Adit and others), I really really miss all of you and you are the best in my life, the seniors of '96 until '97' and the students of '99 until '03. My last special thanks to "princes" for the crazy moments and have been fulfilled my love life because you make me know what true life is, give me the strength to face this real life. For my future husband, you know someday I will really love you much because actually this thesis is for you. Thank you to all the exceptional, wonderful, caring people in my life who have supported me in my thesis and personal endeavors.
