Decision on submission to Indian Journal of Tuberculosis

1 pesan

Indian Journal of Tuberculosis <em@editorialmanager.com>

20 Oktober 2020 13.06

Balas Ke: Indian Journal of Tuberculosis <indianjournaloftb@reedelsevier.com>

Kepada: Gatot Soegiarto <gatot_soegiarto@fk.unair.ac.id>

Manuscript Number: IJTB-D-19-00027

Sequential Co-infection of Heligmosomoides polygyrus and Mycobacterium tuberculosis Determine Lung Macrophage Polarization and Histopathological Changes

Dear Mr Soegiarto,

Thank you for submitting your manuscript to Indian Journal of Tuberculosis.

I am pleased to inform you that your manuscript has been accepted for publication.

My comments, and any reviewer comments, are below.

Your accepted manuscript will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

We appreciate you submitting your manuscript to Indian Journal of Tuberculosis and hope you will consider us again for future submissions.

Kind regards,
Vijay Arora
Executive Editor

Indian Journal of Tuberculosis

Editor and Reviewer comments:

Reviewer #1: Clearly there is an interaction of host immune responses in co-existing helminth infections and TB. Whether this interaction alters the clinical outcomes needs to be seen.

Many studies done so far, have not been able to demonstrate an influence of helminth infection on latent or active atb.

This study too, although done very methodologically does not show any direct effect.
