Kepada: Laksmi Wulandari <laksmi.wulandari@fk.unair.ac.id>

Dear mrs Wulandari,

Your submission entitled "Comparison of Detection of Epidermal Growth Factor Receptor (EGFR) Gene Mutation in Peripheral Blood Plasma (Liquid Biospy) with Cytological Specimens in Adenocarcinoma Lung Patient" has been received by Indian Journal of Surgical Oncology

The submission id is: IJSO-D-19-00093

Please refer to this number in any future correspondence.

You will be able to check on the progress of your paper by logging on to Editorial Manager as an author. The URL is <https://www.editorialmanager.com/ijso/>.

Your manuscript will be given a reference number once an Editor has been assigned.

Thank you for submitting your work to our journal.

Kind regards,

Editorial Office
Indian Journal of Surgical Oncology

Recipients of this email are registered users within the Editorial Manager database for this journal. We will keep your information on file to use in the process of submitting, evaluating and publishing a manuscript. For more information on how we use your personal details please see our privacy policy at <https://www.springernature.com/production-privacy-policy>. If you no longer wish to receive messages from this journal or you have questions regarding database management, please contact the Publication Office at the link below.

In compliance with data protection regulations, you may request that we remove your personal registration details at any time. (Use the following URL: <https://www.editorialmanager.com/ijso/login.asp?a=r>) Please contact the publication office if you have any questions.

Submission ID: IJSO-D-19-00093

Dear mrs Wulandari,

The manuscript cannot start the review process until the following corrections are made to meet the journal's requirements (see Instructions for authors, as well):

* Please ensure that the order and list of the authors in the metadata (first page of the generated PDF) should be the same in the title page.

* Kindly rename the file name of your submission without disclosing any author information.

Please edit your submission and make the necessary changes by logging into the Editorial Manager at:

<http://ijso.edmgr.com/>

and clicking on "Submissions Waiting for Author's Approval".

You must then click on "Edit Submission", make the necessary changes, upload your revised manuscript, remove your old manuscript, and approve your submission.

If you have any questions, please do not hesitate to contact me.

Kind regards,

Luisito Patinio

JEO Assistant

Indian Journal of Surgical Oncology

Comparison of Detection of Epidermal Growth Factor Receptor (EFGR) Gene Mutation in Peripheral Blood Plasma (Liquid Biospy) with Cytological Specimens in Adenocarcinoma Lung Patient

Indian Journal of Surgical Oncology

Dear mrs Wulandari,

Reviewers have now commented on your paper. You will see that they are advising that you revise your manuscript. If you are prepared to undertake the work required, I would be pleased to reconsider my decision.

The reviewers' comments can be found at the end of this email or can be accessed by following the provided link.

This is your login information:

Your username is: laksmi.wulandari@fk.unair.ac.id

If you forgot your password, you can click the 'Send Login Details' link on the EM Login page at <https://www.editorialmanager.com/ijs/>.

When revising your work, please submit a list of changes or a rebuttal against each point which is being raised when you submit the revised manuscript.

Your revision is due by 28 Aug 2019. Please make sure to submit your editable source files (i. e. Word, TeX).

To submit a revision, go to <https://www.editorialmanager.com/ijs/> and log in as an Author. You will see a menu item called 'Submissions Needing Revision'. You will find your submission record there.

Yours sincerely

K Harish, MS, MCh
Associate Editor
Indian Journal of Surgical Oncology

Reviewers' comments:

Reviewer #1: Spelling and grammatical errors need correction. At places, clarity of statements is lost due to grammatical errors.

Important Announcement

Dear Author,

Thank you for publishing with Springer. This message is to let you know that your article

- Article title: Comparison of Detection of Epidermal Growth Factor Receptor (EGFR) Gene Mutation in Peripheral Blood Plasma (Liquid Biopsy) with Cytological Specimens in Lung Adenocarcinoma Patients
- DOI: 10.1007/s13193-020-01046-1

has gone into production. Before we can send you your proofs, we have to ask you to provide some additional information. Please go to the following website (you may need to copy and paste the URL into your browser): <https://www.springer.com/home?SGWID=0-0-1003-0-0&aqlId=3949016&checkval=c5e48c5c9939e60f85dcdb790d29c4bc>

Please indicate if you would like to:

- order Open Choice, i.e. publish the article as open access. The published version will then become freely available for anyone worldwide in exchange for payment of an open access charge.
- order paper offprints or e-offprints of your article upon issue publication
- order poster of your article with issue cover page, article title and the authorship
- order printing of figures in color in the journal

and to

- transfer the copyright of your article (if you do not order Open Choice)

In order for the publication of your article to proceed you must go to the above website and complete the request. The entire process should take about 10 minutes.

You can help us facilitate rapid publication by returning your answers within 2 working days.

PLEASE NOTE: This link expires WITHIN 5 DAYS after this e-mail has been sent to you so please make sure you complete the request before this date.

This is an automated e-mail; please do not reply to this account. If you have any questions, please go to our help pages.

Thank you very much.

Kind regards,

Copyright Transfer

30.01.2020

visit us at springer.com

Confirmation of your Copyright Transfer

Dear Author,

Please note: This e-mail is a confirmation of your copyright transfer and was sent to you only for your own records.

1. Publication

The copyright to this article, (including any supplementary information and graphic elements therein (e.g. illustrations, charts, moving images) (the 'Article'), is hereby assigned for good and valuable consideration to Indian Association of Surgical Oncology (the 'Assignee'). Headings are for convenience only.

2. Grant of Rights

In consideration of the Assignee evaluating the Article for publication, the Author(s) grant the Assignee without limitation the exclusive (except as set out in clauses 3, 4 and 5 a) iv), assignable and sub-licensable right, unlimited in time and territory, to copy-edit, reproduce, publish, distribute, transmit, make available and store the Article, including abstracts thereof, in all forms of media of expression now known or developed in the future, including pre- and reprints, translations, photographic reproductions and extensions. Furthermore, to enable additional publishing services, such as promotion of the Article, the Author(s) grant the Assignee the right to use the Article (including the use of any graphic elements on a stand-alone basis) in whole or in part in electronic form, such as for display in databases or data networks (e.g. the Internet), or for print or download to stationary or portable devices. This includes interactive and multimedia use as well as posting the Article in full or in part or its abstract on social media, and the right to alter the Article to the extent necessary for such use. The Assignee may also let third parties share the Article in full or in part or its abstract on social media and may in this context sub-license the Article and its abstract to social media users. Author(s) grant to Assignee the right to re-license Article metadata without restriction (including but not limited to author name, title, abstract, citation, references, keywords and any additional information as determined by Assignee).

3. Self-Archiving

Author(s) are permitted to self-archive a pre-print and an author's accepted manuscript version of their Article.

- a. A pre-print is the author's - version of the Article before peer-review has taken place ("Pre-Print"). Prior to acceptance for publication, Author(s) retain the right to make a Pre-Print of their Article available on any of the following: their own personal, self-maintained website; a legally compliant, non-commercial pre-print server such as but not limited to arXiv and bioRxiv. Once the Article has been published, the Author(s) should update the acknowledgement and provide a link to the definitive version on the publisher's website: "This is a pre-print of an article published in [insert journal title]. The final authenticated version is available online at: [https://doi.org/\[insert DOI\]](https://doi.org/[insert DOI])".
- b. An Author's Accepted Manuscript (AAM) is the version accepted for publication in a journal following peer review but prior to copyediting and typesetting that can be made available under the following conditions:
 - a. Author(s) retain the right to make an AAM of their Article available on their own personal, self-maintained website immediately on acceptance,
 - b. Author(s) retain the right to make an AAM of their Article available for public release on any of the following 12 months after first publication ("Embargo Period"): their employer's internal website; their institutional and/or funder repositories. AAMs may also be deposited in such repositories immediately on acceptance, provided that they are not made publicly available until after the Embargo Period.

An acknowledgement in the following form should be included, together with a link to the published version on the publisher's website: "This is a post-peer-review, pre-copyedit version of an article published in [insert journal title]. The final authenticated version is available online at: [http://dx.doi.org/\[insert DOI\]](http://dx.doi.org/[insert DOI])".

4. Authors' Retained Rights

Author(s) retain the following non-exclusive rights for the published version provided that, when reproducing the Article or extracts from it, the Author(s) acknowledge and reference first publication in the Journal:

- a. to reuse graphic elements created by the Author(s) and contained in the Article, in presentations and other works created by them;
- b. they and any academic institution where they work at the time may reproduce the Article for the purpose of course teaching (but not for inclusion in course pack material for onward sale by libraries and institutions); and
- c. to reproduce, or to allow a third party Assignee to reproduce the Article in whole or in part in any printed volume (book or thesis) written by the Author(s).

5. Warranties

The Author(s) warrant and represent that:

- a. (i) the Author(s) are the sole copyright owners or have been authorised by any additional copyright owner(s) to assign the rights defined in clause 2, (ii) the Article does not infringe any intellectual property rights (including without limitation copyright, database rights or trade mark rights) or other third party rights and no licence from or payments to a third party are required to publish the Article, (iii) the Article has not been previously published or licensed, (iv) if the Article contains material from other sources (e.g. illustrations, tables, text quotations), Author(s) have obtained written permissions to the extent necessary from the copyright holder(s), to license to the Assignee the same rights as set out in Clause 2 but on a non-exclusive basis and without the right to use any graphic elements on a stand-alone basis and have cited any such material correctly;
- b. all of the facts contained in the Article are according to the current body of science true and accurate;
- c. nothing in the Article is obscene, defamatory, violates any right of privacy or publicity, infringes any other human, personal or other rights of any person or entity or is otherwise unlawful and that informed consent to publish has been obtained for all research participants;
- d. nothing in the Article infringes any duty of confidentiality which any of the Author(s) might owe to anyone else or violates any contract, express or implied, of any of the Author(s). All of the institutions in which work recorded in the Article was created or carried out have authorised and approved such research and publication; and
- e. the signatory (the Author or the employer) who has signed this agreement has full right, power and authority to enter into this agreement on behalf of all of the Author(s).

6. Cooperation

The Author(s) shall cooperate fully with the Assignee in relation to any legal action that might arise from the publication of the Article, and the Author(s) shall give the Assignee access at reasonable times to any relevant accounts, documents and records within the power or control of the Author(s).

The Author(s) agree that the distributing entity is intended to have the benefit of and shall have the right to enforce the terms of this agreement.

7. Author List

After signing, changes of authorship or the order of the authors listed will not be accepted unless formally approved in writing by the Assignee.

8. Edits & Corrections

The Author(s) agree(s) that the Assignee may retract the Article or publish a correction or other notice in relation to the Article if the Assignee considers in its reasonable opinion that such actions are appropriate from a legal, editorial or research integrity perspective.

This is an automated e-mail; please do not reply to this account. If you have any questions, please go to our help pages.

Thank you very much.

Kind regards,

 Springer Alert

Online First: your article is published

2020-02-06

Congratulations

Dear Laksmi Wulandari,

We are pleased to inform you that your article has just been published:

Title

Comparison of Detection of Epidermal Growth Factor Receptor (EGFR) Gene Mutation in Peripheral Blood Plasma (Liquid Biopsy) with Cytological Specimens in Lung Adenocarcinoma Patients

Journal

Indian Journal of Surgical Oncology, (), 1-7

DOI

10.1007/s13193-020-01046-1

Your article is available as 'Online First':

<http://link.springer.com/article/10.1007/s13193-020-01046-1>

It is fully accessible to all users at libraries and institutions that have purchased a SpringerLink license. If your article is published under one of our Open Access programs, it will be freely accessible to any user.

Announce Your Publication

We encourage you to forward this email to your co-authors. Additionally we recommend you mention your article's publication and its DOI on your website or your social media profiles. The article's SpringerLink page features easy-to-use "share" buttons for popular social media channels as well as the real-time display of your article's citations and social shares.

Download Your e-Offprint (PDF file)

<http://www.springer.com/home?SGWID=0-0-1003-0-0&aqlid=3949016&download=1&checkval=2b2adafe1b95dad63d321a0a8079667>

Please note: Your free e-Offprint will only be available for four weeks!

Citation Information

Your article can be cited by its DOI 10.1007/s13193-020-01046-1 in the following form:

Author, Journal Title, Year, DOI

We will notify you once your article is assigned to a specific journal issue, completed production and a new, paginated e-Offprint with the final cover of the respective issue will be available to you as a free PDF-download.

After that any additional (printed) offprints or posters you might have ordered will be shipped to you.

Springer Nature also offers a service to create professional short animated videos – [click here](#) to find out more.

Thank you again for publishing with Springer. We look forward to your future contributions!

Best regards,

Your Marketing Team

PS: For your next article we encourage you to register for an ORCID iD, a unique and internationally recognized identifier that attaches your identity to your research work, such as your articles and their citations. More on ORCID benefits at orcid.org.
