Dear Laksmi

Mudatsir Mudatsir has submitted this manuscript:

Predictors of COVID-19 severity: a systematic review and meta-analysis
Mudatsir Mudatsir *et al.* with Mudatsir Mudatsir as the corresponding author(s).

Funders: no grant funding was stated during submission.

Before accepting the article: we will check content suitability, readability and manuscript format; adherence to ethical standards for the type of study; that the underlying data have been supplied (where appropriate); and that there is sufficient detail to enable others to replicate the study (if applicable).

Before publishing the article: if we accept the article, we will be in touch with Mudatsir Mudatsir as soon as possible with any issues that need addressing and ask them for reviewer suggestions. They will then receive a final proof of the article for approval, prior to publication. At that stage, the peer review process will begin, in accordance with our publishing model.

After publication: to ensure you receive proper recognition for your professional activities, you can connect **your ORCID iD** to F1000Research so that all your F1000Research work is added to your account automatically once it is published. Details on how to do this will be sent in an email when the article is published.

All future correspondence about this submission will be sent to Mudatsir Mudatsir only. If you have not agreed to this submission and your inclusion as an author of this article, please contact us immediately quoting the article number: 26186.

Kind regards

The F1000Research Team

Press releasing articles: Please avoid promoting articles in the media until the article has passed the open peer review process. Promotion on social media is encouraged once the article has been published; please ensure the full citation is included, as this contains the peer review status. F1000Research should be cited as the source of these articles with a link to the article.

Dear Laksmi,

Your article: "Predictors of COVID-19 severity: a systematic review and meta-analysis" has just been published on F1000Research - you can maximize its reach by using the Email and Share options on the article page.

You can also tweet the great news that the paper was published only 24 days after it was submitted!

- To ensure you receive proper recognition for your professional activities, connect your ORCID iD to F1000Research so that all your work is added to your account automatically *(this is a personalised link – please do not click unless this email was originally addressed to you)*: Connect your existing account | Create an account

We are now inviting the reviewers that have been suggested by the submitting author of your article, Mudatsir Mudatsir. Reviewers are asked to provide a status of 'Approved', 'Approved with Reservations' or 'Not Approved', and a peer review report that will be published alongside the article under their name and affiliation. You will be able to respond to any published peer review reports with a comment and/or publish revisions as a new version of your article, as appropriate.

Please note that we will have to ask Mudatsir Mudatsir for additional suggestions if the invited reviewers decline. To monitor the peer review status of your article, please liaise with Mudatsir Mudatsir for updates.

Regards

Zena Nyakoojo
Senior Managing Editor, F1000Research
