Dear Editor-in-Chief,
World Journal of Advanced Research and Reviews

Dear Sir/Madam,
   I am enclosing herewith a manuscript entitled **"Utilization of Artificial Intelligence-assisted Histopathological Detection in Surveilans Oral Squamous Cell Carcinoma Staging: a Narrative Review"** for possible evaluation as a **(~~Research article/~~Review article/~~short communication/ case study~~)** in World Journal of Advanced Research and Reviews.

   This paper reviewed explain utilization of AI-assisted histopathological detection in determining OSCC staging. Developmental process of OSCC begins with gene damage causing disruption of cell regulation, manifesting in impaired differentiation and proliferation of keratinocytes in the epithelium which is characterized by keratin pearl formation

All of the authors declare that they have all participated in the design, execution, and analysis of the paper, and that they have approved the final version. Additionally, there are no conflicts of interest in connection with this paper, and the material described is not under publication or consideration for publication elsewhere.

Thank you.
