Dear Anna, Nove; Mannan, Endang,

"Big Data Adoption in Academic Libraries: A Literature Review"

Effective from September 2017, Emerald has removed the embargo period across all journals for the self-archiving of the Author Accepted Manuscript (AAM). This enables all of our authors to make their article open access via a 'green' route. The full text of the article may therefore become visible within your personal website, institutional repository (IR), subject repository, SCN signed up to the Voluntary STM Sharing Principles as soon as the final version has been published in the journal. It may also be shared with interested individuals, for teaching and training purposes at your own institution and for grant applications.

Please refer to the terms of your own institution to ensure full compliance.

The date your article was accepted for publication was: (27-Dec-2019)

If you are required to deposit your article in your institution's repository, you will need to:

27-Dec-2019

Dear Anna, Nove; Mannan, Endang

It is a pleasure to accept your manuscript LHTN-11-2019-0079, entitled "Big Data Adoption in Academic Libraries: A Literature Review" in its current form for publication in Library Hi Tech News. Please note, no further changes can be made to your manuscript. I made many many changes. Your paper's title was changed as it was more of a literature analysis than literature review. As LHTN is black and white, I removed the VoxViewer diagrams; I also removed most tables to save space and pages that are limited in LHTN and removed repetitive sentences. Many of the items that are no longer cited are listed under References Cited and Consulted. I also tried to make your article more global, limiting references to your country. So, the paper is much shorter but this is the only way I can use it for the journal.

Please go to your Author Centre at https://mc.manuscriptcentral.com/lhtn (Manuscripts with Decisions for the submitting author or Manuscripts I have co-authored for all listed co-authors) to complete the Copyright Transfer Agreement form (CTA). We cannot publish your paper without this.

All authors are requested to complete the form and to input their full contact details. If any of the contact information is incorrect you can update it by clicking on your name at the top right of the screen. Please note that this must be done prior to you submitting your CTA.
