Dear Authors,

Thank you for submitting your article entitled: **"Dealing with tests and treatments of HIV, syphilis, and hepatitis B infection to Prevent Mother-To-Child Transmission (MTCT) from a tertiary hospital in Indonesia"**.

Based on our author guidelines, Your article fulfilled the minimal required structure, <https://www.balimedicaljournal.org/index.php/bmj/pages/view/authorguidlines>

In order to have a better-structured article, we suggest you edit based on a checklist, the simplest way, you may use the Publons review checklist.

According to the new International regulation, please fulfill the requirements below:

1. Ethical clearance number and/or informed consent at the end of the manuscript (**Confirmed**).
2. Please state your conflict of interest in the paper. (**Confirmed**)
3. Please state the funding (if any) in your paper. (**Confirmed**)
4. Please state each author's contribution. (**Unconfirmed**)
5. Please determine the variable assessed further in the methods section.
6. What is the inclusion and exclusion criteria used in this study? Please clarify it in the methods section.
7. What is the sampling technique used in this study (e.g consecutive, purposive, etc)? Please elaborate it further in the methods section.
8. What is the limitation of this study? Please clarify it further in the discussion section.

Please revise your article with the missing details, and send it back to us in **7 days (March 29th, 2022)**.

In addition I do need to remind you that Bali Medical Journal is free to submit and Open Access for our readers. However, if your manuscript is accepted for
