Journal:	Archives of Clinical Infectious Diseases
Title:	: Simple coagulation profile as predictor of mortality in adults admitted with COVID-19: a meta-analysis
Revision:	[0]

Dear Dr. Johanes Nugroho,

You are receiving this email because one of your distinguished colleagues has submitted the mentioned manuscript to the journal. First, on behalf of the editorial board, I appreciate your kind attention in submitting your manuscript to the journal.

Second, I would like to inform you that from now on **all communications will be done with the main Corresponding author only**. Others will be able to track the submission via the [journal website](#).

The EIC will check all submitted files and screen them based on the [journal policies](#). In case of any problem, you will receive another email from the publisher. Please correct the inherent problems and resubmit your manuscript. Afterward, your manuscript will be sent to the editorial board and the external peer review will be started.

If you think this email is sent to you mistakenly or you are not aware of this submission, or you should not be listed as an author/coauthor, please contact us via our support portal at: www.publisher.support

How to Revise?

Please sign in to the journal with your account and follow the instruction to resubmit your revised paper. To resubmit, we need to receive:

- 1) A word file including replies to all reviewers' comments (one-by-one)
- 2) A highlighted manuscript word file (highlight all newly added sentences in your word file)

With respect to time limits, we are looking forward to hearing from you soon within the mentioned time frame.

Title:	: Simple coagulation profile as predictor of mortality in adults admitted with COVID-19: a meta-analysis
Revision:	[0]

Dear Dr. Johanes Nugroho,

Following submitting the mentioned manuscript and in the early screening step, we have to return it to you for more corrections. By this returning, the status of the manuscript has been changed to "**Sent Back to Author**" due to lack of following items, based on EIC decision and in line with the journal policies about the screening of manuscripts which can be seen [here](#). It means that no further progression will be made on your manuscript until you correct the mentioned items and resubmit it. Kindly note that manuscripts in this step are not allowed to enter the peer review system.

Please go to the journal panel and revise your manuscript. You are able to find this manuscript by signing in to your account, choose Author role (top right panel), go to "Sent back to me by EIC". In this step, **DO NOT SUBMIT A NEW MANUSCRIPT**. Instead, try to follow your previous submission.

----- [Start of Screening Results](#) -----

Article Standard: Not OK

Your manuscript did not follow the journal's standards, please make it as standard according to the journal terms and bellow Instructions.

- Text Similarity

There are some similarities in the text of this manuscript with other publications (marked in the attached file).

We strongly request you to paraphrase the highlighted parts of your manuscript so as to reduce the level of similarity.

High similarity: click [here](#)

Please, clearly correct/rephrase all colored sentences in the word file and then upload the revised word file in the journal website (using authorial area). You can find out more about the rules and regulations [here](#).

- **Manuscript Title:** Simple Coagulation Profile as Predictor of Mortality in Adults Admitted with COVID-19: A Meta-Analysis
- **Revision:** [Publish]

Direct Link of the In Press Article: [Click Here](#)

Dear Dr. Johanes Nugroho,

We hereby would like to announce that the above article is now primarily (and temporarily) published as "**Uncorrected Proof**" in the journal website among "In Press" articles. "**Uncorrected Proofs**" are articles that have been copy-edited and formatted but have not been finalized/approved yet. They still need to be proof-read and corrected by the main corresponding author and the text could still change before its final publication. Please do "proof" via your account on the journal website based on the following instruction.

To send your comment(s) on the "proof":

- Sign in to journal > Select Author Role
- Go to Home > Click on "In Press"
- Click on "Proof" > Download your pdf (either from the online issue or from the proof page) > Proof > upload your proof
- Read more in [this link](#)

Important Notes:

- **Due Date:** Due date of this task is less than **ONE WEEK**. After the due date, no more changes will be accepted.
- **How to add comments on PDF?** Comments on PDF files must be added based on these instructions: **Tutorial Video about working in Proof Area:** [Youtube](#) | [Aparat](#)
How to add a comment(s) on a PDF proof file? Tutorial Video: [Youtube](#) | [Aparat](#)
- According to the mentioned instruction, only 4 types of comments are accepted. Otherwise, we might ask you to revise your comments and the corresponding delay will affect the publishing process. Acceptable comment types are : "Delete text" , "Insert text" , "Replace text" , "Highlight and comment"
- Respecting EIC order, either publishing of some articles without authors' approval may be postponed to one of the future issues or move to the archived issues. Thereupon, the article will be

removed from the "In Press" issue.

Legal Notices:

- "Uncorrected proofs" may be altered partially/totally (or even rejected) by the editorial board during the next publishing processes and does not mean "Finally published".
 - "Uncorrected Proof" is not valid for presenting in any official usage and CANNOT be presented as "Acceptance Letter".
-
