Dear **Prof. Dr. Udijanto Tedjosasongko**,

Your article looks well designed which titled " MANAGEMENT OF LOBULAR CAPILLARY HEMANGIOMA ON UPPER LIP AGGRAVATED WITH LIP BITING HABIT IN UNCOOPERATIVE CHILDREN: A CASE REPORT ", but it should be revise especially references section according to the JIDMR guideline <http://www.jidmr.com/journal/author-guidelines/> .

All of the references section should be unique with a same character (Year; volume(No): page number).

Improve to the article with recently published articles, which some of reference samples are below, they are full text open access, references must be up to date. 5 references aren't enough for evaluate this issue at least you should use 10-15 references.

It will be welcome if you cite some of them in your article.

You can resend your article after revisions.

Sincerely yours.
