

---

Dear Author,

We are pleased to inform you that your article "Effect of drying techniques on color and bioactive potential of two commercial edible Indonesian seaweed cultivars" will be published online within the next 24 hours in Journal of Applied Phycology. As part of the Springer Nature SharedIt initiative, you can now publicly share a full-text view-only version of your paper by using the link below. If you have selected an Open Access option for your paper, or where an individual can view content via a personal or institutional subscription, recipients of the link will also be able to download and print the PDF. All readers of your article via the shared link will also be able to use Enhanced PDF features such as annotation tools, one-click supplements, citation file exports and article metrics.

<https://rdcu.be/bQU5q>

We encourage you to forward this link to your co-authors and post it on your social media accounts. You can get started with [this easy plan](#). Sharing your paper is a great way to improve the visibility of your work. There are no restrictions on the number of people you may share this link with, how many times they can view the linked article or where you can post the link online.

More information on Springer Nature's commitment to content sharing is available [here](#).

Sincerely,  
Springer Nature

The [Springer Nature SharedIt Initiative](#) is powered by  **readcube** technology.

The logo for readcube, which consists of a stylized cube made of colorful triangles in shades of blue, green, and red.
