To, The Editor-in-Chief

We intend to publish an article entitled "Mechanism of *Centella asiatica* extract in Increasing Alveolar Macrophages Apoptosis in Rat Tuberculosis Models" in your esteemed journal as a Research Article. On behalf of all the contributors I will act and guarantor and will correspond with the journal from this point onward. In this paper, I/we report on the ability of ethanol extract of *Centella asiatica* to reduce expression of Bcl-2, increase expression of Bax, increase expression of Caspase 8 and enhance the apoptosis of alveolar macrophages. This is significant because *Centella asiatica* is a plant that is widely available in several countries and used as folk medicine as antimicrobial and wound healing agent but it hasn't address properly until now, especially in tuberculosis diseases. The article is very useful and interesting for researcher, lectures, and practician because its valuable reference to improvement of human health life. This research was funded by Directorate of Research and Community Services, the Directorate General of Higher Education, and Ministry of Education and Culture in Indonesia. The author(s) declared no potential conflicts of interest with respect to the research, authorship, and/or publication of this article. All authors have approved the manuscript and agree with its submission this Journal. Microbiologist. We hereby transfer, assign, or otherwise convey all copyright ownership, including any and all rights incidental there to, exclusively to the journal, in the event that such work is published by the journal. Hereby we attached our manuscript and transfer of copyright.

Thanking you,

Yours' sincerely,

Associate Professor, Dr.Arifa Mustika, MD.,M.Si
