Eddie Saputra, Anny Setijo Rahaju, Ridholia:
Paper ID: [IJHS-10630]

We have reached a decision regarding your submission to International journal of health sciences, "The correlation of the expression of PD-L1 and Cyclin and Histopathological Grading in Colorectal Adenocarcinoma".

Thank you for submitting your manuscript to **Universidad Tecnica de Manabi**. The paper was received, checked with Turnitin/iThenticate and no similarities were found, and ultimately was registered for peer-reviewing. Please always quote your Paper ID in all future inquiries or communications. You will be notified regarding the editorial result and production.

Your submission to IJHS implies that the manuscript has not been published previously with a max 15% Turnitin report, and is not currently submitted for publication elsewhere. If any case of concurrent submission is found, the submission will be immediately rejected and the author's names will be put on our blacklist.

Author(s) should note that they will be requested to pay the article processing charges, for more details please visit <https://sciencescholar.us/journal/index.php/ijhs/apc>

Do not hesitate to contact us if you have any inquiries. Thank you for considering this journal as a venue for your work. Our decision is **Approved for Publication**

Three publication procedures are expected to be completed: (1) paper charge payment, (2) paper revision, and (3) copyright form. After the payment is made, details of the other two publication procedures (2) paper revision, and (3) copyright form will be sent to you.

It is a pleasure to accept your manuscript for publication in IJHS. The comments of the referee(s) who reviewed your manuscript are included at the bottom of this letter.

Referee(s)' Comments to Author:

Reviewing #1

Comments to the Author

Acceptable and considerable for publication

Significance

- The manuscript represents a new and demonstratively significant advancement in research on international students

Review of Literature

- The manuscript includes a well-organized and analytical review of relevant literature
- The manuscript uses a clear and well-developed theoretical/conceptual framework

Research Design

- The manuscript reflects appropriate design and methodology
- The manuscript reflects high-quality data and analysis

Discussion

- The discussion and conclusion highlight the relevance of the findings for research, policy, and practice

Style

- The manuscript clear, logical, and concise
-

Reviewing #2

Comments to the Author

Recommended to Associate Editor

- The manuscript must follow APA publication guidelines and will be done by Copy Editor.
- Production Editor will arrange all term of APA citation in copy editing, therefore, they have a responsibility regarding the contents of the manuscript
- Acceptable for next copy-editing process and recommended to Associate Editor.

Associate Editor Comments to Author:

Comments to Author:

- The content of the manuscript is consistent with the scope and aims of the journal
- The manuscript consistently includes articles that are scientifically sound and relevant to an international academic or professional audience in this field by citations in other journals currently covered by Scopus.
- Approve for publication and recommended to Publisher.
