**Subject:** Malaysian Journal of Medicine & Health Sciences - Decision on Manuscript ID MJMHS-2021-0063.R1

04-May-2021

Dear Dr. Irianto: Manuscript ID MJMHS-2021-0063.R1 entitled "Infrapatellar Fat Pad-Derived Mesenchymal Stem Cells as an Alternative Cell Source for Cell-based Osteoarthritis Treatment: A Systematic Review on Preclinical and Clinical Evidence" which you submitted to the Malaysian Journal of Medicine & Health Sciences, has been reviewed. The comments of the reviewer(s) are included at the bottom of this letter.

The reviewer(s) have recommended publication, but also suggest some minor revisions to your manuscript. Therefore, I invite you to respond to the reviewer(s) comments and revise your manuscript.

To revise your manuscript, log into <https://mc.manuscriptcentral.com/mjmhs> and enter your Author Center, where you will find your manuscript title listed under "Manuscripts with Decisions." Under "Actions," click on "Create a Revision." Your manuscript number has been appended to denote a revision.

You may also click the below link to start the revision process (or continue the process if you have already started your revision) for your manuscript. If you use the below link you will not be required to login to ScholarOne Manuscripts.

\*\*\* PLEASE NOTE: This is a two-step process. After clicking on the link, you will be directed to a webpage to confirm. \*\*\*

You will be unable to make your revisions on the originally submitted version of the manuscript. Instead, revise your manuscript using a word processing program and save it on your computer. Please also highlight the changes to your manuscript within the document by using the track changes mode in MS Word or by using bold or colored text.

Once the revised manuscript is prepared, you can upload it and submit it through your Author Center.

When submitting your revised manuscript, you will be able to respond to the comments made by the reviewer(s) in the space provided. You can use this space to document any changes you make to the original manuscript. In order to expedite the processing of the revised manuscript, please be as specific as possible in your response to the reviewer(s).

IMPORTANT: Your original files are available to you when you upload your revised manuscript. Please delete any redundant files before completing the submission.

Because we are trying to facilitate timely publication of manuscripts submitted to the Malaysian Journal of Medicine & Health Sciences, your revised manuscript should be submitted by 18-May-2021. If it is not possible for you to submit your revision by this date, we may have to consider your paper as a new submission.

Once again, thank you for submitting your manuscript to the Malaysian Journal of Medicine & Health Sciences and I look forward to receiving your revision.

Sincerely,

Dr. Normala Ibrahim

Editor-in-Chief, Malaysian Journal of Medicine & Health Sciences

Comments to the Author

General remark:

- Congratulations on revising your manuscript, however there is still some minor findings that may enhance your systematic review quality especially in the method and conclusion section. Details are explained below.

Abstract:

- Page 1 line 28. On the methods, please state if author already follow the PRISMA reporting guideline. Also, please kindly state since what publication year that author included the study.

Introduction:

- Introduction is well written

Patient and Methods:

- Page 3 line 23. Please state whether author already registered the systematic review on Cochrane/Prospero to avoid any unplanned duplication?

- Page 3 line 53-54. There is redundancy on "Only articles published in the English language were included in this study" since author already stated this point on Page 4 line 3.

Result:

- Results are well revised

Figures and Tables:

- Figures are well revised

Discussion:

- Discussions are well revised

Conclusion :

- The conclusion is pointing similar statement to the limitation author already stated in the discussion. Instead of being inconclusive, please summarize the result and discussion to answer the purpose of this study.
