Dear Dr Megatsari,

Re: "Barriers for Multiparous Women to Using Long-Term Contraceptive Methods in Southeast Asia: Case Study in Philippines and Indonesia"

We are pleased to let you know that your manuscript has now passed through the review stage and is ready for revision. Many manuscripts require a round of revisions, so this is a normal but important stage of the editorial process.

Editor comments

Your manuscript is improved, however it needs some minor revisions.

To ensure the Editor and Reviewers will be able to recommend that your revised manuscript is accepted, please pay careful attention to each of the comments that have been pasted underneath this email. This way we can avoid future rounds of clarifications and revisions, moving swiftly to a decision.

Once you have addressed each comment and completed each step listed below, please log in here with the same email you used to submit your manuscript to upload the revised submission and final file:

<https://submission.nature.com/submit-revision/751e99ca-9b5f-4ba0-b2cf-9ee3c6e8a214>

CHECKLIST FOR SUBMITTING YOUR REVISION

1. Please upload a point-by-point response to the comments, including a description of any additional experiments that were carried out and a detailed rebuttal of any criticisms or requested revisions that you disagreed with. This must be uploaded as a 'Point-by-point response to reviewers' file.

Please note that we operate a transparent peer review process, where we publish reviewers' reports with the article, together with any responses that you make to reviewers or the handling Editor.

2. Please highlight all the amends on your manuscript or indicate them by using tracked changes.

3. Check the format for revised manuscripts in our submission guidelines, making sure you pay particular attention to the figure resolution requirements:

<https://bmcpublichealth.biomedcentral.com/submission-guidelines>

Finally, if you have been asked to improve the language or presentation of your manuscript and would like the assistance of paid editing services, we can recommend our affiliates, Nature Research Editing Service: <https://authorservices.springernature.com/language-editing/> and American Journal Experts: <https://www.aje.com/go/springernature>

Please note that use of an editing service is neither a requirement nor a guarantee of publication. Free assistance is available from our resources page: <https://www.springernature.com/gp/researchers/campaigns/english-language-forauthors>

To support the continuity of the peer review process, we recommend returning your manuscript to us within 21 days. If you think you will need additional time, please let us know and we will aim to respond within 48 hours.

Kind regards,

Reviewer Comments:

Reviewer 1

The manuscript was improved and it is adequate to publish.

Reviewer 2

Authors need to add recommendations based on managers and family planning programmers and other stakeholders on what to do to increase the use of long-term contraceptive methods.

Dear Dr Megatsari,

Re: "Barriers for Multiparous Women to Using Long-Term Contraceptive Methods in Southeast Asia: Case Study in Philippines and Indonesia"

We're delighted to let you know that your manuscript has been accepted for publication in BMC Public Health.

Editor comments

Congratulations! The authors addressed all remaining critiques and suggestions from our reviewers.

Prior to publication, our production team will check the format of your manuscript to ensure that it conforms to the standards of the journal. They will be in touch shortly to request any necessary changes, or to confirm that none are needed.

Checking the proofs

Once we've prepared your paper for publication, you will receive a proof. At this stage, please check that the author list and affiliations are correct. For the main text, only errors that have been introduced during the production process, or those that directly compromise the scientific integrity of the paper, may be corrected.

Please make sure that only one author communicates with us and that only one set of corrections is returned. As the corresponding (or nominated) author, you are responsible for the accuracy of all content, including spelling of names and current affiliations.

To ensure prompt publication, your proofs should be returned within two working days.

Publication policiesAcceptance of your manuscript is conditional on all authors agreeing to our publication policies at: <https://www.biomedcentral.com/getpublished/editorial-policies>

Please note that we operate a transparent peer review process, where we publish reviewers' reports with the article, together with any responses that you may have made to reviewers or the handling Editor.

Article Processing ChargeYou will shortly receive an email asking you to confirm your institutional affiliation and arrange payment of your article-processing charge (APC), if applicable. To find out more about APCs, visit our support portal: <https://support.springernature.com/en/support/solutions/6000138386>

Once again, thank you for choosing BMC Public Health, and we look forward to publishing your article.
