To: Elida Zairina <elida-z@ff.unair.ac.id>

Dear Dr Zairina,

Your submission entitled "SCREENING FOR IDENTIFYING INDIVIDUALS AT RISK OF DEVELOPING TYPE 2 DIABETES USING THE CANADIAN DIABETES RISK (CANRISK) QUESTIONNAIRE" has been received by Journal of Public Health

The submission id is: JOPH-D-20-02073

Please refer to this number in any future correspondence.

You will be able to check on the progress of your paper by logging on to Editorial Manager as an author. The URL is <https://www.editorialmanager.com/joph/>.

Thank you for submitting your work to our journal.

Kind regards,

Editorial Office
Journal of Public Health

Now that your article will undergo the editorial and peer review process, it is the right time to think about publishing your article as open access. With open access your article will become freely available to anyone worldwide and you will easily comply with open access mandates. Springer's open access offering for this journal is called Open Choice (find more information on www.springer.com/openchoice). Once your article is accepted, you will be offered the option to publish through open access. So you might want to talk to your institution and funder now to see how payment could be organized; for an overview of available open access funding please go to www.springer.com/oafunding. Although for now you don't have to do anything, we would like to let you know about your upcoming options.

****Our flexible approach during the COVID-19 pandemic****

If you need more time at any stage of the peer-review process, please do let us know. While our systems will continue to remind you of the original timelines, we aim to be as flexible as possible during the current pandemic.

This letter contains confidential information, is for your own use, and should not be forwarded to third parties.

Recipients of this email are registered users within the Editorial Manager database for this journal. We will keep your information on file to use in the process of submitting, evaluating and publishing a manuscript. For more information on how we use your personal details please see our privacy policy at <https://www.springernature.com/production-privacy-policy>. If you no longer wish to receive messages from this journal or you have questions regarding database management, please contact the Publication Office at the link below.

In compliance with data protection regulations, you may request that we remove your personal registration details at any time. (Use the following URL: <https://www.editorialmanager.com/joph/login.asp?a=r>). Please contact the publication office if you have any questions.

SCREENING FOR IDENTIFYING INDIVIDUALS AT RISK OF DEVELOPING TYPE 2 DIABETES USING THE CANADIAN DIABETES RISK (CANRISK) QUESTIONNAIRE

Journal of Public Health

Dear Dr Zairina,

Reviewers have now commented on your paper. You will see that they are advising that you revise your manuscript. If you are prepared to undertake the work required, I would be pleased to reconsider my decision.

The reviewers' comments can be found at the end of this email or can be accessed by following the provided link.

This is your login information:

Your username is: EZairina-464

If you forgot your password, you can click the 'Send Login Details' link on the EM Login page.

When revising your work, please submit a list of changes or a rebuttal against each point which is being raised when you submit the revised manuscript. Please make sure to submit your editable source files (i. e. Word, TeX)."

Your revision is due by 08 Apr 2021.

To submit a revision, go to <https://www.editorialmanager.com/joph/> and log in as an Author. You will see a menu item called 'Submissions Needing Revision'. You will find your submission record there.

Yours sincerely

Joachim Kugler
Editor-in-Chief ***
Journal of Public Health

Reviewers' comments:

Reviewer #1: Conflict of interest AND ethical statement is missing, you have to take it in.

Reviewer #2: I read your manuscript with great interest.

Here some comments:

You write only about the included people, but what about the response? How many people were asked? And, what about the FINDRISK screening test, the DIFE risk test etc.? Please, discuss them, too.

Additionally, write a short conclusion.

Please, revise the tables 1 and 2: the headings are in contrast to the content. +-12,837 or [127,7-43,3]?

Please check some blanks in the text.

Please check your citation according to the specifications of the Journal:

Citation:

Cite references in the text by name and year in parentheses. Some examples:

- o Negotiation research spans many disciplines (Thompson 1990).
- o This result was later contradicted by Becker and Seligman (1996).
- o This effect has been widely studied (Abbott 1991; Barakat et al. 1995a, b; Kelso and Smith 1998; Medvec et al. 1999, 2000).

Please check your reference MH (2012).

Submission guidelines:

References of Journal article:

Example:

Gamelin FX, Baquet G, Berthoin S, Thevenet D, Nourry C, Nottin S, Bosquet L (2009) Effect of high intensity intermittent training on heart rate variability in prepubescent children. Eur J Appl Physiol 105:731-738. <https://doi.org/10.1007/s00421-008-0955-8>

Ideally, the names of all authors should be provided, but the usage of "et al" in long author lists will also be accepted:

Smith J, Jones M Jr, Houghton L et al (1999) Future of health insurance. N Engl J Med 341:325-329

Please change in your publication the reference of Colberg, Pottie and Tuomilehto.

Please note that this journal is a Transformative Journal (TJ). Authors may publish their research through the traditional subscription access route or make their paper open access through payment of an article-processing charge (APC). Authors will not be required to make a final decision about access to their article until it has been accepted. <https://www.springernature.com/gp/open-research/transformative-journals> Find out more about Transformative Journals

SPRINGER NATURE

Article Title : Screening for identifying individuals at risk of developing type 2 diabetes using the Canadian diabetes risk (CANRISK) questionnaire

DOI : 10.1007/s10389-021-01606-x
JOPH-D-20-02073R2

Dear Author,

We are pleased to inform you that your paper is nearing publication. You can help us facilitate quick and accurate publication by using our e.Proofing system. The system will show you an HTML version of the article that you can correct online. In addition, you can view/download a PDF version for your reference.

As you are reviewing the proofs, please keep in mind the following:

- This is the only set of proofs you will see prior to publication.
- Only errors introduced during production process or that directly compromise the scientific integrity of the paper may be corrected.
- Any changes that contradict journal style will not be made.
- Any changes to scientific content (including figures) will require editorial review and approval.

Please check the author/editor names very carefully to ensure correct spelling, correct sequence of given and family names and that the given and family names have been correctly designated (NB the family name is highlighted in blue).

Please submit your corrections within 2 working days and make sure you fill out your response to any AUTHOR QUERIES raised during typesetting. Without your response to these queries, we will not be able to continue with the processing of your article for Online Publication.

Your article proofs are available at:

https://eproofing.springer.com/journals_v2/index.php?token=LsjeqkMhjBoXEuUqpqAnIDOYX3QtFPN3CRG1I6wEJIG2-o_xQH88UQ

The URL is valid only until your paper is published online. It is for proof purposes only and may not be used by third parties.

Should you encounter difficulties with the proofs, please contact me.

We welcome your comments and suggestions. Your feedback helps us to improve the system.

Thank you very much.

Sincerely yours,

Springer Nature Correction Team
