Kepada: Laksmi Sulmartiwi &lt;laksmi-s@fpk.unair.ac.id&gt;, Megananda Paradewi &lt;meganandaparadewi@gmail.com&gt;, Dhita Maulida Saputri &lt;maulidadhita@gmail.com&gt;, Kriengkrai Satapornvanit &lt;ffiskks@ku.ac.th&gt;, Hari Suprpto &lt;hari-s@fpk.unair.ac.id&gt;

Dear Author

I would like to inform you that the review of your manuscript is already finished. Please check the reviewers' comments and revise your manuscript according to it and please use the red color font. Please explain your reason point by point in a "authors' response to the review comments".

We are looking forward to seeing your manuscript within 3 weeks.

Sincerely yours,  
Supinta Pu-ngoen

Reviewer A:  
Recommendation: See Comments

---

**EVALUATION :**

Comment-Comment-Comment-Comment

**COMMENTS (Please continue on a separate sheet if more space is needed) :**

1. Title: (Is the title appropriate and relevant to its contents?)
2. Abstract: (IS the abstract sufficiently informative?)
3. Contents: (Is the structure of the article satisfactory?
  - ii. Is the statement of objectives appropriate?
  - iii. Is the description of research process clearly written?
  - iv. Are the details in results and discussion reasonable?
  - V. Are the figures and tables clearly presented?)
4. English: (Is the English correct and acceptable?)
5. References: Is the paper well-documented? Do the citations conform with academic standards?

**If the paper is rejected, please give clear arguments for the rejection.**

---

Reviewer C:  
Recommendation: Accept Submission

---

**EVALUATION :**

Comment-

- Acceptable after minor revision.

Comment

The topic is very interesting with a strong scientific approach.

-Comment-Comment

**COMMENTS (Please continue on a separate sheet if more space is needed) :**

1. Title: (Is the title appropriate and relevant to its contents?)
2. Abstract: (IS the abstract sufficiently informative?)
3. Contents: (Is the structure of the article satisfactory?
