Please read the following instructions carefully before proofreading:

- 1) Download the manuscript from the link provided at the end of this message and upload the final proofed version at the same link within 24 hours (1 working day) - before January 8th. If you experience any difficulties, please contact the Biology Editorial Office.
- 2) Please use Microsoft Word's built-in track changes function to highlight any changes you make, or send a comprehensive list of changes in a separate document. Note that this is the *last chance* to make textual changes to the manuscript. Some style and formatting changes may have been made by the production team, please do not revert these changes.
- 3) All authors must agree to the final version. Check carefully that authors' names and affiliations are correct, and that funding sources are correctly acknowledged. Incorrect author names or affiliations are picked up by indexing databases, such as the Web of Science or PubMed, and can be difficult to correct.

After proofreading, final production will be carried out. Note that changes to the position of figures and tables may occur during the final steps. Changes can be made to a paper published online only at the discretion of the Editorial Office. In this case, a separate Correction or Addendum will be published and we reserve the right to charge 50 CHF per Correction (including

changes to author names or affiliations).

Please download the final version of your paper for proofreading here:

Please take a moment to check that everything is correct. You can reply to this email if there is a problem. Note that at this stage we will not accept further changes to the manuscript text.

To encourage open scientific discussions and increase the visibility of published articles, MDPI recently implemented interactive commenting and recommendation functionalities on all article webpages (side bar on the right). We encourage you to forward the article link to your colleagues and peers.

We encourage you to set up your profile at www.SciProfiles.com, MDPI's researcher network platform. Articles you publish with MDPI will be linked to your SciProfiles page, where colleagues and peers will be able to see all of your publications, citations, as well as your other academic contributions. Please also feel free to send us feedback on the platform that we can improve it quickly and make it useful for scientific communities.

You can also share the paper on various social networks by clicking the links on the article webpage. Alternatively, MDPI can post an announcement of your article on our Twitter channel (<https://twitter.com/MDPIOpenAccess>), please provide the doi number of the manuscript and a text of up to 117 characters with spaces to socialmedia@mdpi.com. Please note that our service Scitations.net will automatically notify authors cited in your article. For further paper promotion guidelines, please refer to the following link: https://res.mdpi.com/data/paper_promotion_tips.pdf

We would be happy to keep you updated about new issue releases of biology. Please enter your e-mail address in the box at <https://www.mdpi.com/journal/biology/toc-alert/> to receive notifications. After issue release, a version of your paper including the issue cover will be available to download from the article abstract page.

To order high quality reprints of your article in quantities of 25-1000, visit: <https://www.mdpi.com/2079-7737/10/1/42/reprints>

We support the multidisciplinary preprint platform /Preprints/, which

permanently archives full text documents and datasets of working papers in all subject areas. Posting on the platform is entirely free of charge, and full details can be viewed at <http://www.preprints.org>.

We are dedicated to providing an outstanding publishing service, and we invite you to complete our author satisfaction survey <https://www.surveymonkey.com/r/authorfeedbackmdpi>. The survey contains 20 short questions and will only take a couple of minutes to complete.

Thank you for choosing Biology to publish your work, we look forward to receiving further contributions from your research group in the future.
