Manuscript for revision: jioh_251_21

Dear Dr. Sitalaksmi,

With reference to your manuscript jioh_251_21 entitled Surgical Obturator as an Immediate Prosthesis Post Hemimaxillectomy of Palatal Squamous Cell Carcinoma: A Case Report, please review the comments of the referees from our site <https://review.jow.medknow.com/jioh>. The manuscript would be reconsidered after requisite modifications as per the comments and instructions provided by the journal.

If you wish to continue with the publication process, kindly make the changes according to the comments and upload the revised manuscript along with clarifications for all the comments clearly indicating the areas where the changes have been made.

Do check the FAQ regarding replying to the comments and uploading a file. The template of point-by-point comments files for the reviewers, is available in your dashboard under the 'Downloads' menu option.

The journal allows two weeks for the revision of the manuscript. If we do not hear from you within this period, we will consider it as your decision to withdraw your article from publication. Please also note that the submission of the revised article does not guarantee its final acceptance by the journal.

Kindly check for corrections mention in the comment box of attached file (if any). Please do not change file format and do corrections itself in it.

Please include the referees' remarks along with point to point clarification in reply template file (Author can download template from download section). In addition, mark the changes as underlined or yellow color text in the article or please whatever changes will be added, highlight with red color.

We thank you for submitting your valuable research work to Journal of International Oral Health.

With warm personal regards,

Editorial Team
