Dear Dr. Tjokroprawiro,

NOTE: This e-mail is sent to you as one of the contributing authors. If you are not corresponding author, please co-ordinate with the author designated by your group as the corresponding author for this manuscript

A manuscript has been submitted to our journal Gynecology and Minimally Invasive Therapy by trisniartami setyaningrum titled 'Treating vaginal relaxation syndrome using Er:YAG fractional laser: a retrospective study'. A copy of the acknowledgment mail is attached here with for your reference.

Thanking you
Editorial Team
Gynecology and Minimally Invasive Therapy

Dear Dr. Setyaningrum,

Gynecology and Minimally Invasive Therapy has received your manuscript entitled "Treating vaginal relaxation syndrome using Er:YAG fractional laser: a retrospective study" for consideration for publication. The reference number for this manuscript is "GMIT_141_20". Kindly quote this in correspondence related to this manuscript.

The manuscript is being reviewed for possible publication with the understanding that it is being submitted to one journal at a time and have not been published, simultaneously submitted, or already accepted for publication elsewhere either as a whole or in part. Online submission of this article implies that the corresponding author has the written consent from all the contributors to act as corresponding author.

High resolution images are required at the time of acceptance, you should be notified separately for the same, if images uploaded by you are not of printable quality.

The Editors will review the submitted manuscript initially. If found suitable, it will follow a double-blinded peer review. We aim to finish this review process within a short time frame, at the end of which a decision on the suitability or otherwise of the manuscript will be conveyed to you via this system. During this process you are free to check the progress of the manuscript through various phases from our online manuscript processing site <https://www.journalonweb.com/gmit>.

The journal allows free access (Open Access) to its contents and permits authors to self-archive final accepted version of the articles on any OAI-compliant institutional / subject-based repository. The journal does not charge for submission, processing or publication of manuscripts and except for color reproduction of photographs.

We thank you for submitting your valuable work to the Gynecology and Minimally Invasive Therapy.

Yours sincerely,
Editor
Gynecology and Minimally Invasive Therapy

Dear Dr. Tjokroprawiro,

NOTE: This e-mail is sent to you as one of the contributing authors. If you are not corresponding author, please co-ordinate with the author designated by your group as the corresponding author for this manuscript

Status of the manuscript titled 'Treating vaginal relaxation syndrome using Er:YAG fractional laser: a retrospective study' submitted by Dr. trisniartami setyaningrum has been changed and a copy of the mail is as;

Dear Dr. Setyaningrum

With reference to your manuscript GMIT_141_20 entitled 'Treating vaginal relaxation syndrome using Er:YAG fractional laser: a retrospective study', please review the comments of the referees from our site <https://www.journalonweb.com/gmit>. The manuscript would be reconsidered after requisite modifications as per the comments and instructions provided by the journal.

If you wish to continue with the publication process, kindly make the changes according to the comments and upload the revised manuscript along with clarifications for all the comments clearly indicating the areas where the changes have been made. Do check the FAQ regarding replying to the comments and uploading a file. The contributors' form/images should be sent separately to the Administrative Office of the journal.

The journal allows four weeks for the revision of the manuscript. If we do not hear from you within this period, we will consider it as your decision to withdraw your article from publication. Please also note that submission of the revised article does not guarantee its final acceptance by the journal.

We thank you for submitting your valuable research work to Gynecology and Minimally Invasive Therapy.

With warm personal regards,

Editorial Team

Gynecology and Minimally Invasive Therapy

Remarks:

[EDITOR IN CHIEF]

Reviewer and editor has given some valuable suggestions, please revise accordingly to their comments, then send back the revision (highlight revised part) along with reply to their comments in a separate document.

[REVIEWER]:

This is an interesting topic but there are still some issues that should be addressed to improve the quality of the paper. Please see the attached file.

Please refer to the file links of Additional comments / edits by reviewer / editor in forms of file. These file are available to download from your area

To: brahmanaaskandar@gmail.com

Dear Dr. Tjokroprawiro

We are pleased to inform that your article entitled "**Treating vaginal relaxation syndrome using erbium: Yttrium aluminum garnet fractional laser: A retrospective study**" has been published in "**Gynecology and Minimally Invasive Therapy**". With this mail we are sending you the final PDF of the article for your personal use.

The internet today provides more opportunities than before to improve the visibility of your research work. There have been some studies to show direct correlation of article downloads to citations received. The journal's website and its bibliographic linking does help you to get readers, however, additional linking by you would help you to get even higher citations and research impact. You can use few (or all) of the online tools for this purpose.

1. If your institution has an open archive repository, you can put the PDF of your article in the archive with a link to the article on the journal's website <https://www.e-gmit.com/text.asp?2022/11/1/23/337651>. Check <http://www.eprints.org/openaccess/self-faq/#self-archiving> to learn more about archiving.
2. Deposit the article in a subject based OAI-PMH compliant repository. You can find subject wise list of repositories from <http://www.opendoar.org/find.php> and <http://opcit.eprints.org/explorearchives.shtml#disciplinary>.
3. Link your paper from as many websites as possible using citation and social book marking tools such as GetCited, CiteULike, Connotea, Zotero, etc. The URLs for registering with few of these sites are <http://www.getcited.org/add/>
<http://www.citeulike.org/register>
<http://www.connotea.org/register>
<http://www.zotero.org/>
http://www.stumbleupon.com/sign_up.php?pre2=hp_join
4. Link the article from an appropriate topic in the Wikipedia e.g. http://en.wikipedia.org/wiki/Acanthamoeba_keratitis#References [Ref. 5] or http://en.wikipedia.org/wiki/Hallermann-Streif_syndrome#References [Ref 4]
5. As an author you can also deposit your paper with the NLM's PubMedCentral, if you have received an NIH grant. Use the myNCBI link on <http://www.nihms.nih.gov/db/sub.cgi> to submit your paper.
6. Link the paper from your personal / institution web pages. Please use this <https://www.e-gmit.com/text.asp?2022/11/1/23/337651> for the linking.

Thank you for your contribution to our journal.

With personal regards
GMIT Editorial Office
