[Pharm Pract] invitation to International Series

12 messages

Fernando Fernandez-Llimos <fllimos@ff.up.pt>

Thu, May 7, 2020 at 1:02 AM

To: andi hermansyah <andi-h@ff.unair.ac.id>

Dear Andi,

I hope you are safe in these complicate times of pandemic.

You have probably seen the International Series that Pharmacy Practice is publishing entitled "Integration of community pharmacy in primary health care". We have already published UK and Sweden papers (attached), and in few days we'll have Australia and Finland published. We have papers committed by 14 other countries, and I think Indonesia should be part of the series.

Our intention is gathering a comprehensive global picture of how the community pharmacy/pharmacists are collaborating with country's primary care, avoiding over-exaggerated political views that present unrealistic descriptions of scenarios that no one can find in practice.

I would like to invite you (together with the colleagues you may select) to be part of this International Series representing Indonesia.

If you are interested, please let me know and I'll contact you with Prof. Shalom I Benrimoj who is leading the organization of the series (see the editorial attached). Using his words, "At the moment primary health care in most countries is undergoing changes and it would be very useful to share information on its potential impact on current and future practice in community pharmacy/pharmacists be it in product or service delivery".

Are you interested?

Best

Fernando

To: "Meilianti, Sherly" <sherly.meilianti.15@ucl.ac.uk>, Luh Putu Lila Wulandari <lwulandari@kirby.unsw.edu.au>

Dear Sherly dan Wulan,

Untuk Sherly dulu ya
Bagaimana kabarnya? semoga tetap sehat selalu dan lancar studinya

Berhubung kita hampir pernah menulis bareng terkait pharmacy practice development di Indonesia, bagaimana kalau kita menulis lagi? tapi kali ini untuk jurnal.

Saya baru dapat tawaran dari Prof. Fernando (Editor Pharmacy Practice journal) untuk menulis International Series fokus di Indonesia. Mohon cek email terlampir. Saya berminat untuk mengambilnya but I need to propose you to join this project as well.

Untuk kali ini saya ingin mengajak mbak Wulan. Wulan ini adalah research fellow di UNSW yang saat ini akan bekerjasama menulis tentang Indonesia juga.

Lainnya kemungkinan saya akan mengajak bu Susi Ari Kristina UGM atau pak Hari Ronaldo Tanjung USU. Tetapi kalau menurut saya tiga orang ini sudah cukup maka we go with three people formation. Namun mbak Wulan akan sedikit kerja ekstra ya karena ditengah2 revisi thesis.

Untuk Wulan, bagaimana kira-kira tawaran ini? Saya belum menjawab email Prof. Fernando, tunggu respon mbak2 dulu.

Mohon komentarnya ya. Tks

best regards,

Dear Prof. Fernando,

Thank you very much for your email.

It is indeed an honor for me to accept your invitation. As a matter of fact, there is an article which I am currently drafting and ready for submission within a few days. This article will inform about the first nationwide survey of pharmacy practice in Indonesia.

Nevertheless, I might prepare a more general version for this international series and write it with colleagues who are also enthusiastic about such issues.

Please let me know details about the project. Working with Prof. Charlie is new to me but I heard him and noticed his excellent works for years during my studies in Australia.

Again, thank you very much for the offer.

All the best,

Charlie,

I've contacted Andi Hermansyah (in CC), from the Universitas Airlangga, to join the International Series representing Indonesia, and he accepted.

Could you send him the characteristics of the articles we expect to receive and coordinate the timings with him?

Thank you, Andi. Please, remember that following Instructions for Authors, all the affiliations published in the journal will be translated into English. I recall this because it has been a problem in some countries, and I hope you understand it.

Dear Andi

I am following up on Fernando's email and your positive response. First of all many thanks for accepting the invitation to contribute a paper on Indonesia . Fernando has provided you with the editorial and the two papers published. I am attaching information for authors. Please note that you can add any co authors that you wish to assist with the paper. The process is that you and I agree on a deadline for a draft . I will review it and provide you feedback .The time frame between when I receive the draft and we agreeing should be no more than a month. When we all agreed we pass it on to Fernando for a final review and publication. The papers are being initially published through e-publications and then in a subsequent journal.

I would be keen to have your paper published this year if possible and am happy for you to nominate a date for the first draft.

many thanks once again. I look forward to hearing from you.

regards

charlie

Dear all (dan kali ini saya secara resmi meminta bantuan bu Susi Ari Kristina (SAK) - hope this will strengthen our collab),

Saya baru saja mendapat balasan dari Prof. Charlie tentang rencana publikasi di Pharmacy Practice Journal. Saya akan bid untuk publikasi di bulan Agustus jadi akhir bulan ini atau Juni kita harus sudah menyelesaikan tugas ini.

Sekadar informasi saja, Pharmacy Practice adalah jurnal top tier Q1 di Scopus dan termasuk jurnal top tier farmasi yang "langka" karena open access, tanpa biaya untuk submit dan publishernya anti mainstream (cek sendiri ya). Saya hanya 2 kali publish disini dan berencana lagi untuk draft paper selanjutnya. Tetapi yang menyebabkan saya dekat dengan Editornya adalah karena saya termasuk author yang publikasi awal-awal waktu si Jurnal ini masih belum beken dan masih jaman susah back in 2011. Selain itu beberapa kali saya diminta bantuan menjadi reviewer di jurnal ini. So I would like all of you to experience publishing in this journal and share your experience to a broader reader.

Oh ya bu SAK ini adalah dosen terkenal di FF UGM.

Bu SAK mohon perkenalkan Sheryl - mungkin Ibu sudah kenal karena wajahnya pernah muncul di Medisina dan punya database 6,000an apoteker untuk program apoteker advanced IAI (kalau publikasi mohon saya diajak juga ya). Selain itu ada mbak Wulan dari UNSW yang berminat untuk publikasi bersama juga. Oh ya bu SAK apabila tidak memungkinan untuk terlibat tidak masalah mungkin fokus di paper pandemi.

Jadi mohon dicermati Terms & Conditionsnya. Saya akan coba selesaikan draft yang dulu sempat tercecer karena menurut saya sudah sedikit menggambarkan situasi yang diminta di paper.

Sementara ini dulu ya. Feel free to respond

Tetap semangat

Dear pak Andi, mbak Sherly, dan mbak Wulan,

terimakasih atas kesempatannya utk bergabung di projectnya pak Andi. Saya sebenarnya senang sekali, namun krm

topiknya luas, kayaknya kapasitas saya terbatas, jadi utk kali ini saya justru mau belajar dari cara pak Andi menulis sebuah big topic hehe...

Saya mungkin masih terbatas pada topik2 riset yang simple dan sedikit review studies.

Semangat pak Andi dan team,

Dear Prof. Benrimoj,

Apologies for the late reply.

We are committed to submit our first draft in June. I expect we can do it in the early of June as we would like to see the article published in August.

We are currently working on the draft. I will send you once the draft is finished.

To: andi hermansyah <andi-h@ff.unair.ac.id>, "Meilianti, Sherly" <sherly.meilianti.15@ucl.ac.uk>

Dear Pak Andi dan mb Sherly,

Mb Sherly salam kenal ya.

Pak Andi, topik yang sangat menarik sekali, dan merupakan kebutuhan yang sangat relevan terutama dimasa disease outbreak/ pandemic seperti saat ini. Health care system sudah mulai overload dgn pasien yang datang, dan sudah semestinya integrasi fungsi pharmacy dalam primary care ini dioptimalkan, selain untuk mengurangi beban di klinik dan rumah sakit, juga untuk kebutuhan early surveillance di masyarakat, agar kedepannya health system selalu bisa waspada lebih awal bila terjadi disease outbreak.

Are you in or out mbak Wulan?

Jadi bergabung nulis ya?

Nampaknya tulisannya general, jadi yang terpenting kita harus mensitasi artikel yang membahas Indonesia. Sayangnya jumlahnya tidak banyak menurut saya. Namun tidak tahu kalau hasil review mbak Wulan ternyata banyak artikel ttg farmasi Indonesia

Dear Pak Andi,

Please count me in. Terima kasih ya.

Untuk artikel dari indonesia, sejauh ini memang ngga banyak Pak, malah setahu saya cuma tulisan bapak yang saya forward linknya tempo hari yang membahas sedikit ttg BPJS dan peran pharmacy, hehe.

Oh ya, seperti saya sampaikan, mungkin bulan ini saya agak jampacked dengan revisi thesis. Namun saya coba ditengah tengah kebosanan merevisi thesis ini, saya lit search juga tentang topic ini.

Dear pak Andi dan bu Wulan,

-Salam kenal bu Wulan.

Semoga pada baik-baik saja.

pak @andi hermansyah. Terima kasih tawarannya dan telah mempertimbangkan saya. Sangat menarik.

Saya juga skr sedang dalam masa penyusunan tesis 😊 tapi saya rasa saya bisa berkontribusi di sini. Deadlinenya kapanakah?

Mungkin kita bisa mulai Google doc seperti biasa. Saya pernah menulis tentang primary health care tapi lebih ke rencana kerjanya himfarkesmas.

Saya ada menemukan beberapa paper terkait dengan primary health care di Indonesia, namun lebih ke service evaluasi, not sure it it helps. Akan saya share segera.

Let me know the next step.

Terima kasih,

Best,

Sherly

Dear Prof. Benrimoj,

Please find attached the revision of the manuscript submitted for Pharmacy Practice.

We have edited and added relevant information as you suggested. I put a highlight in the revised statements or paragraphs. The manuscript is a bit longer than the first draft, yet it now contains more comprehensive information about the topic.

Please let me know your thoughts about the revised version.

Dear Andi

Thank very much for the revised version. It is excellent and ready to be sent to the editor fernando after you have considered my final comments. Once you have considered my few comments please send to him directly with a copy to me. Fernando will then progress sending you proofs etc to ready for publication. He is able to e-publish before the full journal so you should see your paper and be able to reference and cite it rather promptly.

Once again, congratulations on a job very well done and thank you very for your assistance. You can access all the other papers published in this series

<https://pharmacypractice.org/journal/index.php/pp/catalog/category/integration>

kind regards
charlie

Reply-To: "Prof. Fernando Fernandez-Llimos" <journal@pharmacypractice.org>

To: Andi Hermansyah <andi-h@ff.unair.ac.id>, "Luh P. Wulandari" <lwulandari@kirby.unsw.edu.au>, "Susi A. Kristina" <susiar_k@ugm.ac.id>, Sherly Meilianti <sherly.meilianti.15@ucl.ac.uk>

Andi Hermansyah, Luh P. Wulandari, Susi A. Kristina, Sherly Meilianti:

We have reached a decision regarding your submission to Pharmacy Practice, "Primary health care policy and vision for community pharmacy and pharmacists in Indonesia".

Our decision is to: ACCEPT THE MANUSCRIPT IN ITS CURRENT VERSION

We'll check your manuscript against plagiarism detection software [iThenticate: <http://www.ithenticate.com/>]. If no alerts appear, in some weeks from now you'll receive the proofs to check.

Thanks for considering Pharmacy Practice for your publications.

Pharmacy Practice <journal@pharmacypractice.org>

Tue, Jul 21, 2020 at 1:00 AM

To: andi-h@ff.unair.ac.id, lwulandari@kirby.unsw.edu.au, susiari_k@ugm.ac.id, sherly.meilianti.15@ucl.ac.uk

Dear Authors,

We are pleased to inform you that your paper is nearing publication. Find attached a pdf file with the proofs of your article. Please read, correct, and return by email this proof to us within 5 business days. Be sure to send all of your corrections at this stage.

You will need Adobe Acrobat Reader software to read these files. Make your comments within the PDF file through use of the Comment features of this software. **USE the "Text Edit" comments for any text modification, and "Sticky Notes" only for formatting modifications.**

Because your article has been copyedited and the pages have been typeset, no substantive corrections can be made at this time. Only typos will be considered.

NOTE: Please, answer all these queries.

Can you provide the ORCIDs of the three last authros?

Does "Puskesmas" mean 'community health center'? if so, following Pharmacy Practice editorial Policy, we have to translate throughout the entire text. Pharmacy Practice does not use terms in other languages than English when they are not Given Names, that's why we have translated "Airlangga University".

Is "Gema Cermat" a given name os does it have any translation?

We need references #46 and #47 translated into English (Excet the name of the jorunal, which is a given name).

We need additional information for reference #73. Page numbers (initial and end)

Sincerely,

Maria J. Bouzon

To: andi hermansyah <andi-h@ff.unair.ac.id>, "susiari_k@ugm.ac.id" <susiari_k@ugm.ac.id>, "Meilianti, Sherly" <sherly.meilianti.15@ucl.ac.uk>

Dear Pak Andi,

Berikut saya bantu menterjemahkan references nomor, 46, 47, dan 73.

46. Dewi DAPS, Satibi S, Puspendari DA. Analisis Biaya Obat pada Era JKN dan Faktor-Faktor yang Mempengaruhi di Fasilitas Penunjang Kesehatan Daerah Istimewa Yogyakarta [Cost Analysis of Medicines at the Supporting Facilities and Factors associated with it in Yogyakarta during the National Health Insurance Era]. Jurnal Manajemen Pelayanan Farmasi. 2015;5:291-300.

47. Kaswindarti N, Satibi S, Puspendari DA. Analisis Persepsi Apoteker dan Faktor yang Mempengaruhinya Terhadap Penerapan Sistem Pembayaran di Era Jaminan Kesehatan Nasional Pada Apotek di Daerah Istimewa Yogyakarta [Analysis of pharmacists' perceptions on the implementation of payment system at the pharmacy level in the National Health Insurance Era in Yogyakarta]. Jurnal Manajemen Pelayanan Farmasi . 2015;5:275-282.

73. Herman MJ, Susyanty AL. Analysis of Pharmacy Services by Pharmacists in Community Pharmacy. Buletin Penelitian Sistem Kesehatan. 2012;15

Oh ya, saya baru lihat ternyata references nya belum seragam. Ada yang judul artikelnya ditulis huruf besar semua, ada yang kecil. Ini masih bisa diperbaiki kah?

Satu lagi Pak, nama saya yang da dibawah judul masih kurang. Seharusnya Luh Putu Lila Wulandari, silahkan disingkat menjadi Luh P.L. Wulandari jika diperlukan.

Orcid ID saya <https://orcid.org/0000-0002-3397-3648>

Dear Maria,

Please find attached the corrected proof.

I also have responded to your queries in the manuscript. This includes suggestions to translate Puskesmas and Gema Cermat as well as correcting the references. You can also find the ORCID ID of each author.

Looking forward to hearing from you.

Andi Hermansyah

We have implemented almost all the modification you suggested. However, authors names must follow a strict international pattern. We have an excel file (attached) to choose the best way to write your name, and see the implication the selection has on the abbreviated name.

Please, return an excel with the name of the second authors.

The editor decided not translating the term puskesmas to facilitate the reading.

Would you also have an last revision?

Regards

Maria J. Bouzon

Dear Authors,

Your article entitled "**Primary health care policy and vision for community pharmacy and pharmacists in Indonesia**" has already been published and is available at:

<https://www.pharmacypractice.org/journal/index.php/pp/article/view/2085>

We remind you that, not only we have an open archiving policy, but we encourage the authors to distribute and upload the final pdf file into any repository:

*"Pharmacy Practice permits and encourages authors to post and **archive the final pdf** of the articles submitted to the journal on personal websites or institutional repositories after publication, while providing bibliographic details that credit its publication in this journal".*

If you provided your ORCID iD when submitting your manuscript, you can now opt in to having your ORCID record automatically updated when your article is published. You need to do the following:

- Look out for an email from Crossref in your ORCID Inbox requesting permission to access your ORCID record. Crossref is the non-profit organization where we register the article metadata and its persistent identifier, the DOI, to make your article discoverable and citeable.
- Grant Crossref permission and then every time you publish an article with a Crossref member publisher (there are over 7,000) and provide your ORCID ID your ORCID record will be automatically updated without you having to do anything.

More information about Crossref's ORCID auto-update is available [here](#).

Thank you very much for considering Pharmacy Practice for your publications.

Regards

Prof. Fernando Fernandez-Llimos, PhD, MPharm, MBA.
