Dear Prof. Cyprian O. Onyenji,  
Thank you very much for your information.  
The submitted manuscript is not complete because the contributors have not been written completely, can I make it complete?  
I have also submitted the same manuscript, but it has not been finished yet.  
What should I do, should I withdraw the first submission, and continue the second submission?  
Or what should I do?  
Your kind explanation is highly appreciated.

Best regards,

Heny.

Dear ATHMSI EDITOR

We have sent the correction on the FAMILY NAME of authors and the list of the authors' names to appear for citation, in the email dated June 16, 2022.

However, if it is still possible, can I make a minor correction to the title.

Could you please add "INDONESIA" at the end of the title?

So it becomes:

RDT- AND MICROSCOPIC-BASED TRENDS OF MALARIA AMONG LOCAL AND MIGRANT POPULATIONS IN THE PROVINCE OF CENTRAL KALIMANTAN, **INDONESIA** DURING 2017-2020

But if it is impossible to do that, then it is okay.

Below, is the article we mean.

Thank you very much in advance.

Best regards,

On behalf of all authors
