-----  
Dear Dr Saraswati,

Congratulations on your accepted paper! Thank you for choosing to publish in Journal of Oral Biology and Craniofacial Research. Please read this e-mail carefully as it contains important information.

**FINALIZE PUBLISHING YOUR ARTICLE:**

We work hard to publish our authors' articles online as quickly as possible, so we're happy to report that processing of your manuscript has already begun. To ensure that we publish your article in accordance with your wishes, please now complete these forms

<http://authors.elsevier.com/authorforms/JOBCCR865/d6afba5d428335025ddb6f63acf9a093>

If this link does not work, please copy the entire URL (noting that it may run on to a second line in this message) into your browser. You should log in with your Elsevier Profile credentials, which you may have already created when submitting your article.

**CHECK YOUR CONTACT DETAILS:**

Please check that your details listed below are correct so we can contact you if needed:

Dr Widya Saraswati  
Universitas Airlangga  
Conservative Dentistry  
Jl. Prof. Dr. Moestopo No 47

Manuscript Number: JOBCR-D-22-00102R2

CaCO<sub>3</sub> from Anadara granosa shell as reparative dentin inducer in odontoblast pulp cells: in-vivo study

Dear Dr Sarawati

Thank you for submitting your manuscript to Journal of Oral Biology and Craniofacial Research.

I am pleased to inform you that your manuscript has been accepted for publication.

My comments, and any reviewer comments, are below.

Your accepted manuscript will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

We appreciate you submitting your manuscript to Journal of Oral Biology and Craniofacial Research and hope you will consider us again for future submissions.

Kind regards,

Prof Tony Markus, FRCS FDSRCS FDSRCPS FFDRCSI  
Deputy EIC

Journal of Oral Biology and Craniofacial Research

Editor and Reviewer comments:

### Reviewer's Responses to Questions

Note: In order to effectively convey your recommendations for improvement to the author(s), and help editors make well-informed and efficient decisions, we ask you to answer the following specific questions about the manuscript and provide additional suggestions where appropriate. <br><br>1. Are the objectives and the rationale of the study clearly stated?<br><br>Please provide suggestions to the author(s) on how to improve the clarity of the objectives and rationale of the study. Please number each suggestion so that author(s) can more easily respond.

Reviewer #3: The objective of the study is clearly stated

-----<br>2. If applicable, is the method/study reported in sufficient detail to allow for its replicability and/or reproducibility?<br><br>Please provide suggestions to the author(s) on how to improve the replicability/reproducibility of their study. Please number each suggestion so that the author(s) can more easily respond.

Reviewer #3: Mark as appropriate with an X:

Yes

Provide further comments here:the method explained with details

-----

3. If applicable, are statistical analyses, controls, sampling mechanism, and statistical reporting (e.g., P-values, CIs, effect sizes) appropriate and well described?<br><br>Please clearly indicate if the manuscript requires additional peer review by a statistician. Kindly provide suggestions to the author(s) on how to improve the statistical analyses, controls, sampling mechanism, or statistical reporting. Please number each suggestion so that the author(s) can more easily respond.

Reviewer #3: Mark as appropriate with an X:

Yes

Provide further comments here:the statistical analysis is well described

-----

4. Could the manuscript benefit from additional tables or figures, or from improving or removing (some of the) existing ones?<br><br>Please provide specific suggestions for improvements, removals, or additions of figures or tables. Please number each suggestion so that author(s) can more easily respond.

Reviewer #3: The figure and tables present are good explained and benefit

-----

5. If applicable, are the interpretation of results and study conclusions supported by the data?<br><br>Please provide suggestions (if needed) to the author(s) on how to improve, tone down, or expand the study interpretations/conclusions. Please number each suggestion so that the author(s) can more easily respond.

Reviewer #3: Mark as appropriate with an X:

Yes

Provide further comments here:

-----

6. Have the authors clearly emphasized the strengths of their study/methods?<br><br>Please provide suggestions to the author(s) on how to better emphasize the strengths of their study. Please number each suggestion so that the author(s) can more easily respond.

Reviewer #3: Yes

-----

7. Have the authors clearly stated the limitations of their study/methods?<br><br>Please list the limitations that the author(s) need to add or emphasize. Please number each limitation so that author(s) can more easily respond.

Reviewer #3: Yes

-----

8. Does the manuscript structure, flow or writing need improving (e.g., the addition of subheadings, shortening of text, reorganization of sections, or moving details from one section to another)?<br><br>Please provide suggestions to the author(s) on how to improve the manuscript structure and flow. Please number each suggestion so that author(s) can more easily respond.

Reviewer #3: The writing of the manuscript is good and there is no need for further addition

-----

9. Could the manuscript benefit from language editing?

Reviewer #3: Yes

Reviewer #3: This field is optional. If you have any additional suggestions beyond those relevant to the questions above, please number and list them here.

I have no additional suggestion

## Publishing Agreement

Craniofacial Research Foundation

### CaCO<sub>3</sub> from Anadara granosa shell as reparative dentin inducer in odontoblast pulp cells: In-vivo study

Corresponding author	Dr Widya Saraswati
E-mail address	widya-s@fkg.unair.ac.id
Journal	Journal of Oral Biology and Craniofacial Research
Our reference	JOBCR865
PII	S2212-4268(23)00003-9
DOI	<a href="https://doi.org/10.1016/j.jobcr.2023.01.003">10.1016/j.jobcr.2023.01.003</a>

### Your Status

- I am one author signing on behalf of all co-authors of the manuscript

### License of Publishing Rights

I hereby grant to Craniofacial Research Foundation an exclusive publishing and distribution license in the manuscript identified above and any tables, illustrations or other material submitted for publication as part of the manuscript (the "Article") in print, electronic and all other media (whether now known or later developed), in any form, in all languages, throughout the world, for the full term of copyright, and the right to license others to do the same, effective when the Article is accepted for publication. This license includes the right to enforce the rights granted hereunder against third parties. Craniofacial Research Foundation

### Supplemental Materials

"Supplemental Materials" shall mean materials published as a supplemental part of the Article, including but not limited to graphical, illustrative, video and audio material.

With respect to any Supplemental Materials that I submit, Craniofacial Research Foundation shall have a perpetual worldwide non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Supplemental Materials, in all forms and media (whether now known or later developed) and permit others to do so. The publisher shall apply the same end user license to the Supplemental Materials as to the Article where it publishes the Supplemental Materials with the Article in the journal on its online platforms on an Open Access basis.

### Research Data

"Research Data" shall mean the result of observations or experimentation that validate research findings and that are published separate to the Article, which can include but are not limited to raw data, processed data, software, algorithms, protocols, and methods.

With respect to any Research Data that I wish to make accessible on a site or through a service of Craniofacial Research Foundation, Craniofacial Research Foundation shall have a perpetual worldwide, non-exclusive right and license to publish, extract, reformat, adapt, build upon, index, redistribute, link to and otherwise use all or any part of the Research Data in all forms and media (whether now known or later developed), and to permit others to do so. Where I have selected a specific end user license under which the Research Data is to be made available on a site or through a service, the publisher shall apply that end user license to the Research Data on that site or service.

### Scholarly Communication Rights

I understand that I retain the copyright in the Article and that no rights in patents, trademarks or other intellectual property rights are transferred to Craniofacial Research Foundation. As the author of the Article, I understand that I shall have: (i) the same rights to reuse the Article as those allowed to third party users of the Article under the CC BY-NC-ND License, as well as (ii) the right to use the Article in a subsequent compilation of my works or to extend the Article to book length form, to include the Article in a thesis or dissertation, or otherwise to use or re-use portions or excerpts in other works, for both commercial and non-commercial purposes. Except for such uses, I understand that the license of publishing rights I have granted to Craniofacial Research Foundation gives Craniofacial Research Foundation the exclusive right to make or sub-license commercial use.

## User Rights

The publisher will apply the *Creative Commons Attribution-Noncommercial-NoDerivative Works 4.0 International License* (CC BY-NC-ND) to the Article where it publishes the Article in the journal on its online platforms on an Open Access basis. For further information, see <http://www.elsevier.com/about/open-access/open-access-options>.

The CC BY-NC-ND license allows users to copy and distribute the Article, provided this is not done for commercial purposes and further does not permit distribution of the Article if it is changed or edited in any way, and provided the user gives appropriate credit (with a link to the formal publication through the relevant DOI), provides a link to the license, and that the licensor is not represented as endorsing the use made of the work. The full details of the license are available at <http://creativecommons.org/licenses/by-nc-nd/4.0>.

## Reversion of Rights

Articles may sometimes be accepted for publication but later rejected in the publication process, even in some cases after public posting in "Articles in Press" form, in which case all rights will revert to the author. See <https://www.elsevier.com/about/our-business/policies/article-withdrawal>.

## Revisions and Addenda

I understand that no revisions, additional terms or addenda to this License Agreement can be accepted without Craniofacial Research Foundation's express written consent. I understand that this License Agreement supersedes any previous agreements I have entered into with Craniofacial Research Foundation in relation to the Article from the date hereof.

## Copyright Notice

The publisher shall publish and distribute the Article with the appropriate copyright notice.

## Author Representations / Ethics and Disclosure / Sanctions

I affirm the Author Representations noted below, and confirm that I have reviewed and complied with the relevant Instructions to Authors, Ethics in Publishing policy, Declarations of Interest disclosure and information for authors from countries affected by sanctions. Please note that some journals may require that all co-authors sign and submit Declarations of Interest disclosure forms. I am also aware of the publisher's policies with respect to retractions and withdrawal (<https://www.elsevier.com/about/our-business/policies/article-withdrawal>).

For further information see the publishing ethics page at <https://www.elsevier.com/about/our-business/policies/publishing-ethics> and the journal home page. For further information on sanctions, see <https://www.elsevier.com/about/our-business/policies/trade-sanctions>

### Author representations

- The Article I have submitted to the journal for review is original, has been written by the stated authors and has not been previously published.
- The Article was not submitted for review to another journal while under review by this journal and will not be submitted to any other journal.
- The Article and the Supplemental Materials do not infringe any copyright, violate any other intellectual property, privacy or other rights of any person or entity, or contain any libellous or other unlawful matter.
- I have obtained written permission from copyright owners for any excerpts from copyrighted works that are included and have credited the sources in the Article or the Supplemental Materials.
- Except as expressly set out in this License Agreement, the Article is not subject to any prior rights or licenses.
- If I and/or any of my co-authors reside in Iran, Cuba, or Syria, the Article has been prepared in a personal, academic or research capacity and not as an official representative or otherwise on behalf of the relevant government or institution.
- If I am using any personal details or images of patients, research subjects or other individuals, I have obtained all consents required by applicable law and complied with the publisher's policies relating to the use of such images or personal information. See <https://www.elsevier.com/about/our-business/policies/patient-consent> for further information.
- Any software contained in the Supplemental Materials is free from viruses, contaminants or worms.

- If the Article or any of the Supplemental Materials were prepared jointly with other authors, I have informed the co-author(s) of the terms of this License Agreement and that I am signing on their behalf as their agent, and I am authorized to do so.

## Governing Law and Jurisdiction

This License Agreement will be governed by and construed in accordance with the laws of the country or state of Craniofacial Research Foundation ("the Governing State"), without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of the Governing State.

For information on the publisher's copyright and access policies, please see <http://www.elsevier.com/copyright>.

I have read and agree to the terms of the License Agreement.

9 January 2023
