## REVIEW FORM AL-IHKAM 2022

**TITLE : Waqf, Maqasid Shariah, and SDGs: Proposal for SDG5-Gender Equality**

REVIEW POINT	COMMENTS	ASSESMENT
<b>TECHNICAL WRITING</b> 1. Articles must be in accordance with the journal's style and template		Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
2. Article length must be between 6500-7000 words in total	Currently there are 6080 words, need to add elaboration in discussion and result section	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
3. The similarity must be under 20 % by Turnitin Plagiarism Checker	This need to be checked since several sections seems to copy and paste from other article, especially the methods	Yes <input type="checkbox"/> No <input type="checkbox"/>
<b>TITLE</b> Title reflects the essence of the article's content, including method and novelty.	The title needs to be revised to reflect the main idea of article	1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
<b>ABSTRACT</b> Abstract contains problems of research, method, and result in 150-200 words	Need to include the justification why women need specific waqf model	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
<b>KEYWORD</b> It consists of 3-5 important keywords		1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/>
<b>INTRODUCTION</b> Introduction must contain a (shortly and consecutively) general background, a literature review (state of the art) as the basic of the brand-new research question, statements of the brand-new scientific	Why women need specific waqf model? Several previous studies have proposed waqf model, thus the statement that this research is the first time is less suitable. Structure of research need to be revised since current manuscript mention literature review which is not provided in separate section	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>

<p>article, main research problems, hypothesis, and purpose(s) of the article.</p>		
<p><b>ORIGINALITY</b> Originality of the subject matter would be of interest to the scholar of Islamic Jurisprudence, Law and social sciences concerning plurality and living values specifically in Indonesia</p>	<p>The idea to relate the waqf and role of women is interesting, but this article needs to explain why women need different waqf model and how this proposed model can assist the achievement of maqasid shariah and gender equality (which indicator?). Also this manuscript need to include latest literature regarding waqf and women to identify the research gap (at least 10 years back). If the main idea is to propose model to support involvement of women on waqf in relation to maqasid shariah and gender equality of SGDs, result and discussion need to cover relevant previous studies.</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>
<p><b>RESEARCH METHOD</b> It should contain enough information to enable the readers to understand methods used in obtaining and analyzing the data.</p>	<p>This section needs to inform the selection of respondents and how their background relevant to give response regarding the topic on women</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>
<p><b>DISCUSSION AND RESULT</b> It should be presented continuously starting from main result until supporting results and equipped with a discussion whether the findings are subjected to suitable analysis, conclusions, and implications.</p>	<p>There is suddently appeared SGD5 waqf model framework, how this figure is developed? How this relate with achievement of SGD5 gender equality? Authors need to explain Long paragraphs regarding summary of previous studies is less suitable in this section. Otherwise, authors use previous studies to support the results/discussion. Currently there is lack of connection between previous studies and main finding. If the main idea is to propose model to support involvement of women on waqf in relation to maqasid shariah and gender</p>	<p>1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/></p>

	equality of SGDs, result and discussion need to cover relevant previous studies.	
<b>CONCLUSION</b> Conclusion is the answer of the hypothesis and research questions. It should not contain only the repetition of the results and discussions.	Waqf is not truly social. The last statement is less suitable considering the main topic of the manuscript which aims to propose model which support involvement of women in waqf sector. This section needs to include the limitation of current study, research implication, and suggestion for future study	1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
<b>REFERENCES</b> References must be up to date (in the last 5 to 10 years) with at least 30 references (40% from primary sources/journal) and accessible by everyone. Bibliography should use Mendeley reference manager applications with writing style of <i>Chicago Manual of Style 17th edition</i> and in accordance with footnote.	Several references are still written in Bahasa Indonesia, need to translate to English	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
<b>LANGUAGE ASPECT</b> The article's content must be grammatically correct in English or Arabic style	Overall, the manuscript needs professional proofreading service also need to check the usage of standard Arabic transliteration	1 <input type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>
Additional comment for the author; Is the article qualified for publication?	Authors need to revise the manuscript and provide proofreading certificate prior publication. Please refer to article for details comments	1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/>

Please indicate your suggestion whether this article is qualified for AL-IHKAM:
