RE: SCS-20-0343R4, entitled "Anthropometric Study Of Human Ear: A Baseline Data For Ear Reconstruction"

Dear Author,

Congratulations on the acceptance of your paper in Journal of **Craniofacial Surgery**. Your paper has been forwarded to production to begin the copyediting process and proofs will be sent to you for review and correction.

We are reaching out to you directly as a request from the editor-in-chief. Dr. Habal feels that publication of your images in color will enhance the value of your paper. The responsibility of the cost does fall to the author. Please do not respond to this email as our production team will be in touch regarding this request. We hope that you will consider publishing your figures in color.

If color charges exceed your budget please directly contact the Editor-in-Chief, Dr. Mutaz B. Habal at mbhabal@verizon.net who will advise you further on the importance of color reproduction and will discuss options with you directly.
