11-Dec-2021

Dear Dr. Wulandari:

Thank you for submitting your manuscript, "Socioeconomic disparities in hospital utilization among female workers in Indonesia: A cross-sectional study", to Journal of Primary Care and Community Health. Prior to peer review, the manuscript is provided with a rapid editorial review to determine the suitability of your manuscript for our journal and its readers. Once this is completed, if approved, your manuscript undergoes rapid peer review (with a target completion of 30 days).

Your manuscript ID is JPC-21-0610.

You have listed the following individuals as authors of this manuscript:

Wulandari, Ratna; Laksono, Agung; Prasetyo, Yoyok; Nandini, Nurhasmadiar

Please mention the above manuscript ID in all future correspondence or when calling the office for questions. If there are any changes in your street address or e-mail address, please log in to ScholarOne Manuscripts at <https://mc.manuscriptcentral.com/jpc> and edit your user information as appropriate.

You can also view the status of your manuscript at any time by checking your Author Center after logging in to <https://mc.manuscriptcentral.com/jpc>.

As part of our commitment to ensuring an ethical, transparent and fair peer review process SAGE is a supporting member of ORCID, the Open Researcher and Contributor ID (<https://orcid.org/>). We encourage all authors and co-authors to use ORCID iDs during the peer review process. If you have not already logged in to your account on this journal's ScholarOne Manuscripts submission site in order to update your account information and provide your ORCID identifier, we recommend that you do so at this time by logging in and editing your account information. In the event that your manuscript is accepted, only ORCID iDs validated within your account prior to acceptance will be considered for publication alongside your name in the published paper as we cannot add ORCID iDs during the Production steps. If you do not already have an ORCID iD you may login to your ScholarOne account to create your unique identifier and automatically add it to your profile.

Thank you for submitting your manuscript to Journal of Primary Care and Community Health.

Sincerely,

Kurt Angstman

Decision: Minor Revision

15-Dec-2021

Dear Dr. Wulandari: Manuscript ID JPC-21-0610 entitled "Socioeconomic disparities in hospital utilization among female workers in Indonesia: A cross-sectional study" which you submitted to Journal of Primary Care and Community Health, has been reviewed. The comments of the reviewer(s) are included at the bottom of this letter.

The reviewer(s) have recommended publication, but also suggest some minor revisions to your manuscript. Therefore, I invite you to respond to the reviewer(s)' comments and revise your manuscript. In order to expedite the processing of the revised manuscript, please be as specific as possible in your response to the reviewer(s).

To revise your manuscript, log into <https://mc.manuscriptcentral.com/jpc> and enter your Author Center, where you will find your manuscript title listed under "Manuscripts with Decisions." Under "Actions," click on "Create a Revision." Your manuscript number has been appended to denote a revision.

Please prepare three new documents to be uploaded.

1. A point by point response the reviewer(s) comments and recommendations. This can be either uploaded or cut and paste into the appropriate window of the Author Center. Make sure the response is blinded.
2. A copy of the revised manuscript with all the track changes recorded (or highlight the changes) (signify this by labelling this document as the "main document with track changes")
3. A "clean" copy of the revised manuscript (main document)

**IMPORTANT:** You will be unable to make your revisions on the originally submitted version of the manuscript. Your original files are available to you when you upload your revised manuscript. Please delete any redundant files before completing the submission. Please be careful to upload new tables or figures if changes were requested.

Your revised manuscript should be uploaded as soon as possible. You will receive a reminder email 2 weeks before the deadline. If it is not possible for you to submit your revision within this timeframe, please contact the editor for an extension, as you will not be able to submit your revised manuscript once the deadline passes. We reserve the right to consider any significantly delayed submission as a new submission.

Once again, thank you for submitting your manuscript to Journal of Primary Care and Community Health and I look forward to receiving your revision.

Sincerely,  
Dr. Kurt Angstman MD  
Editor in Chief, Journal of Primary Care and Community Health

Reviewer(s)' Comments to Author:

Reviewer: 1

Comments to the Author

please add to the journal discussion regarding female workers accessing hospital services  
Are certain types of work related to access to hospital services?

Reviewer: 2

Comments to the Author

In the Introduction section, it is necessary to add Novelty of research findings and what strategies are recommendations in solving these problems?

Ratna Dwi Wulandari &lt;ratna-d-w@fkm.unair.ac.id&gt;

20-Dec-2021

Dear Dr. Wulandari:

It is a pleasure to accept your manuscript entitled "Socioeconomic disparities in hospital utilization among female workers in Indonesia: A cross-sectional study" in its current form for publication in Journal of Primary Care and Community Health. The comments of the reviewer(s) who reviewed your manuscript are included at the foot of this letter.

Over the next few days your manuscript will be exported to production and you will receive communication about completing the contributor form and paying the article processing charge (APC). The production department will send you a proof to review before the article publishes online.

Thank you for your fine contribution. On behalf of the Editors of Journal of Primary Care and Community Health, we look forward to your continued contributions to the Journal.

Sincerely,  
Dr. Kurt Angstman MD  
Editor in Chief, Journal of Primary Care and Community Health
