Dear Dr. Erwin Astha Triyono,

Good day. We have reached a decision regarding your submission to The Indonesian Biomedical Journal, "**Considerable beneficial effects on the supplementation of propolis (Propoelix™) as an adjuvant therapy in HIV patients**".

Our decision is to: **Resubmit for Review**.

This manuscript is interesting, however it **needs major revision** to improve the quality of the manuscript. We also found many grammatical and typographical errors, and also confusing sentences in the manuscript. Please read all the manuscripts and make sure that you revise the errors and proof-read them before you submit it back.

Find the file attached to see our reviewer's detailed comments. Please revise this manuscript according to reviewers' suggestions, and provide us a revised version of your manuscript and a response letter to reviewer before **November 27, 2020**.

Mark/highlighted the revised part of the manuscript, so that the editor will notice the changes. For an example on how to write a response letter, please find it here: <http://www.jbc.org/content/suppl/2015/01/20/M114.610915.DC1/jbc.M114.610915-4.pdf>.

When you are done, you can upload it in: <https://inabj.org/index.php/ibj/author/submissionReview/1381>, or simply send us an email.

Please let us know when you have received this email. If you have any questions, do not hesitate to contact us. Thank you for your attention. We wish you a nice day.

Best Regards,
