Dear Dr. Anita Stern

We would like to ask you to consider our manuscript entitled "**Trends of Serum Electrolyte Levels toward Severity Rates in COVID-19 Patients with Type 2 Diabetes Mellitus Comorbidity in Dr. Soetomo Hospital Surabaya**" for publication in *Gaceta Medica de Caracas*.

We write a manuscript to evaluate the correlation and trend of the electrolyte toward COVID-19 severity in patients with comorbidity diabetes mellitus. Our study suggested that the level of sodium, potassium, and chloride has abnormal or disturbing potential to decrease and increase the COVID-19 severity.

The manuscript is original, has not already been published, and has not and will not be submitted for publication elsewhere. Kindly find in attach the manuscript file.

Thank you for your kind consideration.

Sincerely,

Distinguished Professors Soebagijo Adi Soelistijo and Muhammad Miftahussurur:

We are very pleased to send you in attachment the Galley Proofs (PDFs) of the manuscript titled: **Trends of Serum Electrolyte Levels toward Severity Rates in COVID-19 Patients with Type 2 Diabetes Mellitus Comorbidity in Dr. Soetomo Hospital Surabaya**, to be published in volume 130 (3)2022 of the Gaceta Médica de Caracas.

We would appreciate a detailed review of the aforementioned PDF and proceed to make the correspondent corrections if required. It is very important to check symbols, Greek letters, etc, which are the ones in which transcriptionists frequently make mistakes.

If you find corrections/typos, mark them up in the PDF (we recommend using Adobe Reader), do not edit the PDFs.

Please submit corrections/errors within **3 (three)** days.

Thanking you in advance for your attention, we look forward to your response

Best regards,
