Dear Professor Fahmi,

Thank you for submitting your manuscript,
"Kinetic Release Study of Copper Ferrite Nanoparticle Incorporated on PCL/Collagen Nanofiber for Naproxane Delivery", to BioNanoScience

The submission id is: BNSC-D-18-00191
Please refer to this number in any future correspondence.

During the review process, you can keep track of the status of your manuscript by accessing the following web site:

<https://bnsce.editorialmanager.com/>

Your username is: m.zakki.fahmi@fst.unair.ac.id

If you forgot your password, you can click the 'Send Login Details' link on the EM Login page.

Springer offers authors the option of making their articles available with open access via our Open Choice programme. We advise you to familiarise yourself with the details of Springer Open Choice in advance, to be able to decide quickly should your paper be accepted for publication. Further information can be found at www.springer.com/openchoice.

Alternatively, please call us at 001-630-468-7784 (outside the US)/(630)-468-7784 (within the US) anytime from Monday to Friday.

With kind regards,

Journals Editorial Office BNSC
Springer

Now that your article will undergo the editorial and peer review process, it is the right time to think about publishing your article as open access. With open access your article will become freely available to anyone worldwide and you will easily comply with open access mandates. Springer's open access offering for this journal is called Open Choice (find more information on www.springer.com/openchoice). Once your article is accepted, you will be offered the option to publish through open access. So you might want to talk to your institution and funder now to see how payment could be organized; for an overview of available open access funding please go to www.springer.com/oafunding. Although for now you don't have to do anything, we would like to let you know about your upcoming options.

Recipients of this email are registered users within the Editorial Manager database for this journal. We will keep your information on file to use in the process of submitting, evaluating and publishing a manuscript. For more information on how we use your personal details please see our privacy policy at <https://www.springernature.com/production-privacy-policy> or email dataprotection@springernature.com. If you no longer wish to receive messages from this journal or you have questions regarding the Editorial Manager database and the publishing process, please email our publication office, stating the journal name(s) and your email address(es):
PublicationOfficeSPI@springernature.com

In compliance with data protection regulations, please contact the publication office if you would like to have your personal information removed from the database.
