In Guide For Authors, there is a statement that "The open access publication fee for this journal for articles accepted from January 2022 will be USD 1,800 for case series USD 1,300 for case reports, excluding taxes, unless the authors are from Argentina, Brazil, India, Indonesia, Mexico, Philippines or Turkey in which case a fee of USD 650 shall be applied". But in "Publishing Options" i can't get a waiver fee. How to solve it?
