Dear Editor,

Thank you for your confirmation. However, is it possible for us to get a soft copy (PDF) of the Letter of Acceptance? We really need it for our administration.
Thank you in advance for your cooperation.

Dear Editor,

We've found that our manuscript entitled "Risk factors for coronary artery aneurysm in children with Kawasaki disease: A case report" has been published in the latest issue of your journal. However, the subtitle still hasn't been revised. It was still written as "A Case Report" instead of "A Case-control Study". Is it possible for you to revise it?

Thank you for your cooperation.

Dear Editor,

We would like to revise a typo in the sub-title of our paper. Our paper is not a case report, but a case-control study. Hence, our full title would be "**Risk factors for coronary artery aneurysm in children with Kawasaki disease: a case-control study**"

Hereby we attached the revised version of our paper. Thank you
