

BUKTI KORESPONDING PAPER DI MSF Journal

“The Role of Relative Humidity on Physical Characteristics of Electrospun Poly Vinyl Alcohol-Aloe Vera Fiber”

Dyah Hikmawati, Elia Fernanda Adiputri, Alfian Pramudita Putra, Jan Ady

1. BUKTI ACCEPTED ABSTRACT DAN ORAL PRESENTATION

On Sat, Oct 20, 2018 at 9:21 AM, 4th.ICFMS 2018

<4th.icfms2018@gmail.com> wrote:

Dear participant(s),

Congratulation!

On behalf of 4th International Conference on Functional Materials Science (4th ICFMS 2018), we announce that your abstract is **ACCEPTED** to be presented as **ORAL PRESENTATION**. The 4th ICFMS 2018 will be held in Prama Sanur Beach Bali Hotel on November 13-15, 2018.

Attached file is an invitation letter, acceptance letter including some important information for our conference of the 4th ICFMS 2018.

We are now preparing Book of Abstract and Program Schedule. For that purpose, we would like to ensure that you have already submitted your extended abstract to our website reg.fms-net.org.

NEXT STEP:

1. Please prepare your full paper in strict accordance with the camera ready format (template in [word](#) or [LaTex](#)) and it must be submitted to our website as well as to our email 4th.icfms2018@gmail.com before November 1, 2018. Please log in to your user account and submit it. If you have already submitted it, you may skip this step.

2. Participants who would like to attend to our conference must make payment before **October 31, 2018** by Bank Transfer to the following bank account:

Account Name : Lusi Safriani
Account Number : 0022950297
Swift code : BNINIDJA
Bank Name : BNI UNPAD BANDUNG

Please send a confirmation of payment (copy proof of payment) to lusi.safriani@phys.unpad.ac.id

Updated information is displayed on <https://fms-net.org/icfms-2018/icfms2018-registration/>

3. Presentation in **Oral Session** is divided into two types, **long oral presentation and short oral presentation**, respectively. Duration for long oral presentation is 12 minutes including 2 minutes for discussion, and duration for short oral presentation is 2 minutes. **Both long and short oral presenters are required to prepare standing banner** for more intensive discussion during poster session. The size of standing banner is 60 cm in wide and 160 cm in height. Presenter should bring their own standing X banner holder.

4. **Information about the type of oral presentation will be announced on November 2, 2018.**

Please feel free to contact us if you need our assistance.

See you soon in Sanur Bali.

Sincerely yours

Organizing Committee
The 4th ICFMS 2018

2. BUKTI INVITATION LETTER Paper 031 dan

4th International Conference on Functional Materials Science
2018

Trends in Functional Materials: From Fundamental to Applications

November 13-15, 2018 – Bali, Indonesia

<https://fms-net.org/icfms-2018/>

INVITATION LETTER

To **Dyah Hikmawati**

On behalf of the organizing committee of 4th International Conference on Functional Materials Science 2018 (ICFMS 2018), we would like to invite you to participate in ICFMS 2018, to be held in Bali, Indonesia on November 13-15, 2018.

We are pleased to confirm that your paper entitled: **The Effect of Relative Humidity on Physical Characteristics of Electrospun Poly Vinyl Alcohol-Aloe Vera Fiber**, has been accepted to be presented in ICFMS 2018.

Please refer to **Conference Program** and **Presentation Guideline** for preparing your presentation.

All presented and accepted manuscripts from the ICFMS 2018 will be published in [Key Engineering Materials](#)), which is published by Trans Tech Publications and indexed by [SCOPUS](#), [SCImago Journal & Country Rank](#), and others. Your login credentials for uploading your manuscript will be sent to your e-mail.

We are looking forward to seeing you in Bali.

Best Regard,

Prof. Darminto

3. KEPUTUSAN JENIS ORAL PRESENTATION.

<4th.icfms2018@gmail.com> wrote:

Dear Participant(s)

We would like to inform you that your abstract entitled "The Effect of Relative Humidity on Physical Characteristics of Electrospun Poly Vinyl Alcohol-Aloe Vera Fiber" has been decided to be presented in **SHORT ORAL PRESENTATION**.

Please prepare your presentation slides in **2 minutes**. In addition, participant(s) also have to **prepare a complete standing X banner** for more discussion in Poster Session. The size of a standing X banner is 60 cm in width and 160 cm in height. The banner must be equipped with the banner stand. Please bring this standing X banner at the conference.

Please feel free to contact us if you need our assistance.

See you soon in Sanur Bali.

Sincerely yours,

Organizing Committee
The 4th ICFMS 2018

5. PERMINTAAN UNTUK REVISI

Pada Senin, 3 Desember 2018 16.44.23 GMT+7, [Risidiana <risdiana@phys.unpad.ac.id>](mailto:risdiana@phys.unpad.ac.id) menulis:

Dear All,

Terimakasih telah melakukan submission manuscript di scientific.net untuk publikasi hasil seminar ICFMS 2018. Ingin kami sampaikan bahwa sistem di scientific.net mendeteksi tingkat similarity paper yang telah disubmit melebihi 30 %. Mohon untuk memperbaikinya dan mensubmit kembali sebelum tanggal 5 Desember 2018. Mesin cek plagiat di web scientific.net biasanya mendeteksi bagian bagian khusus yang sangat mungkin untuk terjadi penggunaan kata atau kalimat yang mirip dengan paper sebelumnya terutama bagian metodologi. Biasanya karena penelitian ini metodenya memang sama dengan publikasi sebelumnya, cenderung untuk copy-paste bagian ini ke manuscript yang sekarang, mohon untuk memodifikasi kembali manuscriptnya, sebelum kami serahkan ke reviewer. Manuscript yang tingkat similaritinya lebih besar dari 30 % menurut kebijakan penerbit, harus direject untuk terbit di KEM. Attached file adalah rekap besarnya similarity dari paper bapak/ibu.

Terimakasih atas kerjasamanya
salam
Risdi.

Dear all Authors,

On behalf of editor of Key Engineering Materials (KEM) for manuscript from ICFMS 2018, we delivered our special thanks for submitting your manuscript to publish in KEM. We already finished reviewing process. Now, we will move to the next step to revise the manuscript by authors. Please revise your manuscript until February 13, 2019.

Thank you for your cooperation.

Editor of KEM for Manuscript from ICFMS 2018.

7. REVIEWER'S COMMENTS

On Tue, Mar 26, 2019 at 10:42 AM, [Risidiana <risdiana@phys.unpad.ac.id>](mailto:risdiana@phys.unpad.ac.id) wrote:

Yth. Ibu Dyah dan tim,

Kami telah melakukan pengecekan isi dari paper ibu dan tim yang dipresentasikan pada ICFMS 2018.

Untuk selanjutnya kami mohon ibu untuk melakukan pengecekan ulang format penulisan dan isi paper tersebut. Kami sertakan paper ibu yang telah kami check dan sebagai panduan kami sertakan daftar check list yang harus diisi agar paper ibu dapat sesuai dengan format yang disediakan oleh KEM.

1. Paper yang telah di cek isi dan disesuaikan formatnya dengan check list tersebut (dalam bentuk word dan pdf), **mohon untuk diupload kembali ke laman web author di scientific.net.**
2. Mohon untuk mengirimkan kembali daftar check list yang telah diisi ke alamat email : risdiana@phys.unpad.ac.id

Author dapat melakukan upload paper dengan format file word dan pdf di laman author di scientific.net sampai dengan tanggal **10 April 2019**.

Terimakasih atas kerjasamanya,

Salam

Editor

8. BUKTI SEBAGAI PAPAER TERPILIH DARI KEM BOOK SERIES (PROSIDING) MENJADI KE MSF JOURNAL.

On Thu, Jun 27, 2019 at 4:49 PM, Risdiana
<risdiana@phys.unpad.ac.id> wrote:

Dear all,

The committee of the 4th International Conference on Functional Materials Science (ICFMS 2018) delivered our special thanks for participating in our conference and for submitting your manuscript for publication.

We want to inform you that all papers were selected, reviewed and checked by editors, reviewers and scientific teams from the publisher (Trans.Tech Publisher).

In all parts, we try to get a high-quality manuscript. The scientific team from TTP also decided on the quality and scope of each manuscript. So, we want to inform you that after accepted by the editor, the scientific teams still had some comments and rejecting some papers. We intensively communicated with some authors and also with scientific teams of TTP.

Yesterday, we got information from TTP that they already decided to accept 82 selected papers to publish in their periodical journal.

The publisher decided to publish all selected papers in **Material Science Forum** (MSF) rather than publish it in **Key Engineering Materials** (KEM). After checking the quality of our manuscripts, the publisher believed that MSF is better than KEM.

Both MSF and KEM are Q3 and indexing by some major indexing machines such as Scopus and ISI (Web of Science). Some advantages of MSF compared with KEM are listed below:

1. Publication Type--> **KEM: Book series** and **MSF: Journals**.
2. H index--> **KEM: 48, MSF:68**

After discussing with all editors, We agreed with the decision of a publisher to publish our manuscript in MSF. We really hope The publisher decision and our decision can give some advantages to all authors.

Best regard,
Risdi

Dear Dr. Dyah,
For rejected papers, we already communicated and discussed with authors.
I think all your papers were already accepted by publisher and ready to publish in MSF.
I will distribute the list of paper that already accepted by publisher and ready to publish.
Best regard,
Risdi.
