Child's Nervous System**SUBMISSION INSTRUCTIONS FOR REVISED PAPERS**

Once you have revised your paper, the submitter d halim can use the following link to submit it:

<https://submission.springernature.com/submit-revision/96f45e46-0033-43e7-af03-7e3ee39b8618>

In order to process your paper, we require:

- A point-by-point response to the comments, including a description of any additional experiments that were carried out and a detailed rebuttal of any criticisms or requested revisions that you disagreed with.

This must be uploaded as a 'Point-by-point response to reviewers' file. All changes to the manuscript must be highlighted or indicated by using tracked changes.

At this stage, please also ensure that you have replaced your initial-submission image files with production quality figures. These should be supplied at 300 dpi resolution for .jpeg and .tiff or as .eps files. Figures should not include Figure number labels in the image.

Please ensure you conform to our authorship policies, also outlined here:

<https://www.springer.com/journal/381/submission-guidelines>

If you have been asked to improve the language or presentation of your manuscript and would like the assistance of paid editing services, then our expert help at Springer Nature Author Services can help you improve your manuscript through services including English language editing, developmental comments, manuscript formatting, figure preparation, translation, and more.

REVIEWER REPORTS

Reviewer Comments:

Reviewer 1

This is a well written review of the literature on ABS - illustrated by 3 cases. Complications from ABS are rarely seen in neurosurgery and so this article is of some general educational interest, although, as with any small case series, there is limited academic advancement. The article could be significantly shortened.

Dear Dr Parenrengi,

Re: "Amniotic band syndrome with CNS involvement: A pediatric neurosurgeon's dilemma – A case series and literature review"

We're delighted to let you know that your manuscript has been accepted for publication in Child's Nervous System.

Prior to publication, our production team will check the format of your manuscript to ensure that it conforms to the journal's requirements. They will be in touch shortly to request any necessary changes, or to confirm that none are needed.

Checking the proofs

Once we've prepared your paper for publication, you will receive a proof. At this stage, please check that the author list and affiliations are correct. For the main text, only errors that have been introduced during the production process, or those that directly compromise the scientific integrity of the paper, may be corrected.

As the corresponding (or nominated) author, you are responsible for the accuracy of all content, including spelling of names and current affiliations.

To ensure prompt publication, your proofs should be returned within two working days.

Publication policies

Acceptance of your manuscript is conditional on all authors agreeing to our publication policies at:

Dear Author,

We are pleased to inform you that your paper is nearing publication. You can help us facilitate quick and accurate publication by using our e.Proofing system. The system will show you an HTML version of the article that you can correct online. In addition, you can view/download a PDF version for your reference.

As you are reviewing the proofs, please keep in mind the following:

- This is the only set of proofs you will see prior to publication.
- Only errors introduced during production process or that directly compromise the scientific integrity of the paper may be corrected.
- Any changes that contradict journal style will not be made.
- Any changes to scientific content (including figures) will require editorial review and approval.

Please check the author/editor names very carefully to ensure correct spelling, correct sequence of given and family names and that the given and family names have been correctly designated (NB the family name is highlighted in blue).

Please submit your corrections within 2 working days and make sure you fill out your response to any AUTHOR QUERIES raised during typesetting.

Without your response to these queries, we will not be able to continue with

the processing of your article for Online Publication.

Your article proofs are available at:
