Dear Eko Agus

Asadullah Asadullah has submitted this manuscript:

Effect of ACTH4-10Pro8-Gly9-Pro10 on Anti-Inflammatory Cytokine (IL-4, IL-10, IL-13) Expression in Acute Spinal Cord Injury Model (Sprague Dawley Rats)Asadullah Asadullah *et al.* with Eko Agus Subagio as the corresponding author(s).**Funders:** no grant funding was stated during submission.**Before accepting the article:** we will check content suitability, readability and manuscript format; adherence to ethical standards for the type of study; that the underlying data have been supplied (where appropriate); and that there is sufficient detail to enable others to replicate the study (if applicable).**Before publishing the article:** if we accept the article, we will be in touch with Asadullah Asadullah as soon as possible with any issues that need addressing and ask them for reviewer suggestions. They will then receive a final proof of the article for approval, prior to publication. At that stage, the peer review process will begin, in accordance with our [publishing model](#).**After publication:** to ensure you receive proper recognition for your professional activities, you can connect **your ORCID iD** to F1000Research so that all your F1000Research work is added to your account automatically once it is published. Details on how to do this will be sent in an email when the article is published.

All future correspondence about this submission will be sent to Asadullah Asadullah only. If you have not agreed to this submission and your inclusion as an author of this article, please contact us immediately quoting the article number: 127413.

Kind regards

The F1000Research Team

Dear Asadullah,

You have requested a change to the author order of the article titled 'Effect of ACTH4-10Pro8-Gly9-Pro10 on anti-inflammatory cytokine (IL-4, IL-10, IL-13) expression in acute spinal cord injury models (male Sprague Dawley rats)' submitted to .

[Before we continue with this change, please could you provide the reasoning for the change in the author list at this time.]

In line with good editorial practice, before we can proceed with publication, we require the updated author list to be approved by all authors. Please complete the attached Author List Change Request Form and return it as an attachment in response to this email. You will need to contact all co-authors in the author list (including any that have been removed or added during the author list change) and ask them to sign the attached form stating that they agree to the revised author list.

Please note that all co-authors have been copied into this email so that they are aware of the author list change – **if co-authors have any issues with the revised author list, they are requested to contact the production team immediately** (production.research@f1000.com).

Please let me know if you have any questions.

Dear Eko Agus,

Your article: "Effect of ACTH4-10Pro8-Gly9-Pro10 on anti-inflammatory cytokine (IL-4, IL-10, IL-13) expression in acute spinal cord injury models (male Sprague Dawley rats)" has just been [published on F1000Research](#) - you can maximize its reach by using the Email and Share options on the article page.

To ensure you receive proper recognition for your professional activities, connect your ORCID iD to F1000Research so that all your work is added to your account automatically (*this is a personalised link – please do not click unless this email was originally addressed to you*): [Connect](#) your existing account | [Create](#) an account

We are now inviting the reviewers that have been suggested by the submitting author of your article, Asadullah Asadullah. Reviewers are asked to provide a status of 'Approved', 'Approved with Reservations' or 'Not Approved', and a peer review report that will be published alongside the article under their name and affiliation. You will be able to respond to any published peer review reports with a comment and/or publish revisions as a new version of your article, as appropriate.

Please note that we will have to ask Asadullah Asadullah for additional suggestions if the invited reviewers decline. To monitor the peer review status of your article, please liaise with Asadullah Asadullah for updates.

Kind regards

The F1000Research Team
