Ivana Purnama Dewi, Meity Ardiana:

After an exhaustive review process, the editorial board of the journal has reached a decision regarding your submission to Anaesthesia, Pain & Intensive Care, "Pearls of Exercise-based Cardiac Rehabilitation Frame in Post Coronary Artery Bypass Graft".

Our decision is to: Accept Submission

Reviewer A:

1. The author should include original pictures and diagrams in the manuscript.
2. In case original pictures and diagrams not possible then author should take the permission from the source where these taken from.

Rest of the articles is fine and publishable.

Recommendation: Accept Submission

[Anaesthesia, Pain & Intensive Care](#)
