Dr Murtiastutik

Journal Name: Clinical, Cosmetic and Investigational Dermatology
Title: A case of scrotal idiopathic cutaneous calcium deposition MRI presentation
Submission ID: 405095

On behalf of the author(s) and Dove Medical Press I would like to thank you for providing peer review comments for this manuscript. The time and effort that you have put into this review is most appreciated.

You can now view and download your peer-reviewer acknowledgement certificate here (just click on "Clinical, Cosmetic and Investigational Dermatology" to view the PDF):

https://www.dovepress.com/peer_reviewer_acknowledgement.php?l=s0toUocp8UQQM7NR7hQMGPxK1849891

To see your current and previous reviewed contributions, you can also go to our reviewer summary page in your account;

<https://www.dovepress.com/reviews.php?pa=history&l=s0toUocp8UQQM7NR7hQMGPxK1849891>

As one of our peer-reviewers you will receive a written acknowledgement for your efforts. In addition, each journal will publish an annual list of peer-reviewers that have contributed to the journal.

I would also like to take this opportunity to invite you to submit a manuscript to one of our journals through our Favored Author Program. This will give you the following benefits on any papers you submit to us:

- * 10% discount on your publication processing fee.
- * Fast-track processing of papers.
- * Rapid delivery of a PDF of your paper for your personal use.

To join this program simply register here

https://www.dovepress.com/fav_author.php

Alternatively you can reply to this email. I will be in contact to make arrangements.

These benefits start from the time you join our Favored Author program and will apply to all papers you submit after this point.

Favored Author must be submitting author and use registered email address to receive discount. Discount cannot be applied retrospectively to already submitted papers.

Dear Dr Murtiastutik

Thank you for agreeing to review the manuscript:

Manuscript title: A case of scrotal idiopathic cutaneous calcium deposition MRI presentation

Article type: Case report

Author: Dr Guo

Journal: Clinical, Cosmetic and Investigational Dermatology (Journal Impact Factor: 2.765)

We would appreciate receiving your comments by 9 Feb 2023.

To access the manuscript and complete your review, please click on the following link:

https://www.dovepress.com/reviews.php?l=s0toUocp8UQQM7NR7hQMGPxK1849891&review_id=4902036

Our expert reviewers greatly contribute to the high standards of the Journal, and we thank you for your participation.

- * Your peer review should provide an objective critical evaluation on the technical aspects of the paper.
- * Your report must contain a recommendation and a description of your reasons for that recommendation.
- * If you believe the paper needs changes to be made before it is acceptable, please make suggestions on how to improve the paper.

Please note:

- * Peer-review comments can only be accepted online via our reviewer system. We cannot accept downloaded manuscript files that you have annotated or modified in any way.
- * On the review page there is an area for "Evaluation" comments for the author and an area for "Confidential Comments" comment intended for the Editor-in-Chief only. It is important to be careful to enter your comments in the correct section, so as to keep your anonymous comments intended for the authors separate from any confidential remarks intended for the Editor.
- * When you have completed your review, and are ready to submit it to the

Editor, click on "Submit."

* Please remember that all communications regarding this manuscript are privileged and confidential.

Many thanks for your assistance with this paper and I look forward to hearing from you.
