ACKNOWLEDGMENTS

First of all I would like to express my thanks to God the Almighty for everything given to me, so that I can finish my thesis.

In finishing this thesis, I have been naturally indebted to Dra. S. Itafarida, M.Hum, who has patiently guided me for the completion of this thesis, and also for lending me some books. I also wish to say thanks to the following without whose helps I would never have been able to complete my thesis:

All the teaching staffs of the English Department Airlangga University who have guided me during my study. The students of English Department Airlangga University and the librarians of Airlangga University and PPIA for supplying useful books and materials.

I am also grateful to my family, who have encouraged me to finish my thesis, and all of my closest friends. The one whose name deserves to be mentioned here for continuous spirit she gives to me is Efi Dyah Indrawati, without which this thesis might not surely be judged as appropriate.
