ACKNOWLEDGEMENT

All praise be to Allah SWT, the Almighty, who created man and taught him what he did not know. I thank Him for everything He has given me. I thank Him for everything He has taken away and I thank Him for everything He has left for me. Peace and prayers be upon Muhammad SAW the best guidance, his family and disciples.

I am greatly indebted to Mrs. Sudijah, MA for her invaluable assistance in accomplishing this thesis. My special appreciation would be to her for patiently giving me advice and support in facing the difficulties during the accomplishment of this thesis. I am also indebted to all the lecturers in the English Department, Faculty of Letters Airlangga University who have guided me during the academic years.

The greatest appreciation would be to my parents for their love, being the best parents of ours, and supporting me to accomplish my thesis. I also thank my aunt Rini, bude Harlina Suprpto, and uncle Budi for their great supports.

I dedicate this thesis to my dearest fiancé, who made me realize that I had to finish this thesis immediately. I thank him for his love, giving me everything I need to finish this thesis, and sharing precious moments with me. I hope that we'll have a wonderful marriage.

I would like to thank my closest friends Titi, Nining and Indah for their friendship all these years. Only a few times in my life did I get to be part of something that was truly special. What I have with you has been wonderful. You make my life so colourful with everything you do. I can depend on you for

comfort when I am sad. I rely on you for understanding when I am confused. I turn to you for laughter when I am happy. Thanks for being there for me when I needed you most. Girls, my sentiments will remain the same, always. Once in a while we find someone who makes us feel good. Someone who is truly glad for us when things are going well and who is always there to listen when we have something to tell. Once in a while we find someone on whom we can depend but I am lucky enough to find not one but three wonderful friends. Friends are like stars, not always seen, but they are always there. Anywhere we are, we are never being far from each other.

I would also thank my brothers, sisters, and my cute nephews and niece for the loves and motivation that make my life so meaningful. My gratitude also goes to Iryani, Tirza, Lala, and Linda for accompanying me to the campus and giving me some ideas for my thesis. Finally, I would like to thank all my friends in class '99 for sharing wonderful years with so many wonderful memories.
