

administration and enforcement of this Agreement and the other documents called for by the terms of this Agreement.

3. The Borrower shall maintain the present character of its business, shall conduct its business in accordance with all applicable laws and regulations binding upon it and its operation or assets and shall promptly pay all takes assessed against it or any of its property, also the Borrower shall ensure that there is no change in its shareholders or their respective shareholders and in the Borrower's key management without the prior written consent of the Bank.
4. The Borrower has taken all appropriate corporate action and necessary corporate action to authorize the execution, delivery and performance of this Agreement and the instruments and other documents called for by the terms of this Agreement, and the person signing this Agreement, the instruments and the other documents called for by terms of this Agreement on behalf of Borrower is duly authorized to do, so the information set fort in schedule II with respect to the Borrower's shareholders, commissioners and directors is complete, true and correct.
5. If at any time during the application on this Agreement, there is any imposition of any reserve or deposite requirements in relation to the Bank's borrowings, advances, assets or otherwise which directly or indirectly increases or will increase the Bank's cost from time to time of making, funding or maintaining advances or accomodation, or reduces or will reduce the effective return to the bank under all or any part of the facilities provided under this Agreement, then the Borrower shall on written demand (which shall in the absence of manifest error be conclusive against the Borrower) from the Bank from time to time, compensate the Bank for such increased costs.

III.2. Data Analysis

In order to describe the sentences of legal Documents, I use the Tree Diagram as the means to analyze the data. The Tree Diagram become a means for sentence analysis based on Transformational Generative Grammar proposed by Chomsky. By using Tree Diagram we can easily understand the structure of the sentences.

III.2.1. The Tree Diagram Analysis

In Tree Diagram analysis, we deal with the analysis of sentence by using diagram that forms like a tree. The branches of the tree are shown by the arrow. It indicates the constituents of the category of sentence. Each of the constituents contains different parts of speech. The parts of speech that are used in the analysis are:

NP	symbolizes	Noun Phrase
N	symbolizes	Noun
VP	symbolizes	Verb Phrase
VB	symbolizes	Verbal
PP	symbolizes	Prepositional Phrase
Adv p	symbolizes	Adverb Phrase
Adj p	symbolizes	Adjective Phrase
Aux	symbolizes	Auxiliary
Adj cl	symbolizes	Adjective Clause
Prep	symbolizes	Preposition
Adv cl	symbolizes	Adverb Clause
Quant	symbolizes	Quantifier
Art	symbolizes	Article
Dem	symbolizes	Demonstrative Modifier
Poss	symbolizes	Possesive
Prop	symbolizes	Personal Pronoun

RP	symbolizes	Relative Pronoun
Det	symbolizes	Determiner
Cjs	symbolizes	Subordinating Conjunction
Cjc	symbolizes	Conjunction
Cj cl	symbolizes	Complementizing conjunction

(Which) The word within the bracket symbolizes word that is not appear in the analysis

Comp cl symbolizes Complement clause

(See. the Diagram Analysis of data).

III.2.2. Interpretation Of The Tree Diagram

The analysis of legal sentences is done from the upper segment to the lower segment. The sign under the segment is used to identify the degree and class of the segment.

For example : Clause \longrightarrow NP_{A1} + VP_{B1} , means that a sentence consists of NP and VP. The alphabets indicate the symbol of the class of word. "A" indicates the NP and "B" indicates VP. The number "1,2" indicate the number of the class of word at the same degree. In the example above NP_{A1} means there is only one Noun Phrase in the sentence at the same degree. The number of combination of "A " and "1" (A1) indicates the degree of the segment. So in the example above " NP" and "VP" occurred in the first degree. If there is other sign symbols precede "A1", it means the upper part of part of speech of this segment. For example :

"NP_{11111111A2}". The last "A2" indicates the type of part of speech (noun phrase), this noun phrase belongs to the second noun phrase. This noun phrase is occurred in the forth degree, and it becomes the part of noun phrase (A1) which is the part of Verb phrase (B1), etc. The first "1" after "NP" indicates this noun phrase belongs to the first clause.

A	indicates	NP
B	indicates	VP
X	indicates	VB
C	indicates	PP
K	indicates	N
E	indicates	Adj
J	indicates	Adv
F	indicates	Aux
G	indicates	Art
O	indicates	Cjc
Z	indicates	Prep
P	indicates	Adv P
Y	indicates	Adj cl
H	indicates	Adv cl
U	indicates	Det
M	indicates	Poss
R	indicates	Quant
G	indicates	Art
L	indicates	Dem
Q	indicates	Cjs
M	indicates	Prt
D	indicate	Rp
T	indicate	Prop

DATA 1.

The Bank agrees, subject to the terms and condition of this Agreement and to the availability of funds, to advance credit to the Borrower, and the Borrower agrees to accept such credit, from the Bank, on revolving basis during the period from the date hereof to 19

provided that the principle amount of credit at any one time advance and outstanding shall not exceed the aforementioned amount and provided that the Bank shall have the right to review periodically and to cancel the credit facilities mentioned in this agreement, and to decrease the limit of the Credit facilities which can be given to the Borrower according to this Agreement , in the event of change in the Bank's total funds allocated to the type of credit for which this Agreement is made, or in the event of change in the risk on said type of credit, or upon the occurrence of any other event which in the Bank's opinion will endanger the said credit, without any prior notice to the Borrower and without any liability of the Bank to the Borrower for any consequence of such reduction or cancellation.

DATA 5.

If at any time during the application on this Agreement, there is any imposition of any reserve or deposit requirements in relation to the Bank's borrowings, advances, assets or otherwise which directly or indirectly increases or will increase the Bank's cost from time to time of making, funding or maintaining advances or accommodation, or reduces or will reduce the effective return to the bank under all or any part of the facilities provided under this Agreement, then the Borrower shall on written demand (which shall in the absence of manifest error be

conclusive against the Borrower) from the Bank from time to time, compensate the Bank for such increased costs.
