ACKNOWLEDGEMENTS

In the name of Allah Subhanahuwata'ala, The Most Beneficient, The Most Merciful. All praises and gratitudes be to Allah, for every favour He gives to me in pursuing His way. My first sincere gratitude goes to Allah The Almighty for giving me His blessing so that I can finish my study. For Muhammad SAW, the most beloved prophet, peace and blessing are always above him. Thanks for lighting my life with the eternal of the most eternal truth, Islam.

My deepest appreciation goes to my thesis advisor, Mr. Adiono, for his guidance, input, useful advice, and understanding that make me able to finish this thesis, and willingness to give his assistantship in the course of his full and tight schedules, and his family who has been nice and helpful to me.

My words of thanks also go to all lecturers of English Department, especially to Mr. Hariawan Adji, who gave an opportunity to learn the meaning of friendship and togetherness to us, the Linguistic students of 97. I will always remember their good intentions.

I would like to express my thanks to the most important people in my life: my mom, my dad, and my two little brothers. My highest gratitude to you both, mama and papa, for your tender love and prayers, for your understanding and patience in expecting my graduation. I want to apologize. It takes more than four years for me to accomplish my study. It should have been less than that, but I have done my best and both of you know that.

To the Headmaster and the English teacher of SD Muhammadiyah 6 Surabaya, thank you for helping me in collecting the data and giving me the valuable information needed. Also, to the sixth year students who have participated as respondents in my tests, thank you so much. I am truly aware that without them I could not do my best in this study. Hopefully this will also be useful for them.

My special acknowledgement goes to my very best friend, Wini. Thank you for being my nicest friend for over five years. I know the word 'thanks' is not enough to express my gratitude to you. I hope that the end of our studies does not mean the end of our friendship. I just hope that our friendship will last forever.

I also would like to thank all my chatfriends and penpal, especially to my first chatfriend, Sudes, for his willing to share his good and bad experiences through e-mails with me. Also, thanks to my foreign chatfriends, Shanu, Nathalie, and Alfred. The differences of our cultures, religions and countries do not keep us from making our friendship last forever, because we look for our similarities rather than our differences. My gratitude goes to all of you for your prayer and support so that I can finish my study. Though we have never met each other, but your kindness and the warmth of our friendship have coloured my life.

The last but not least, I must thank all students of English Department, especially Ullly (for helping me with the statistics), Fadjar and his "little brothers" (for helping me with the layout and printing this thesis), Grace (for accompanying and supporting me in finishing this thesis), and the rest of the Linguistic students

of 97 and 98 - especially Ratna, Icha, Nana, Luluk, Andri, Venny, and Hari. Thanks for fulfilling my days with laughter and the warmth of friendship. Our togetherness during years of college will always be kept in my mind and my heart forever.
