I dedicate this thesis to my late Grandmother.

Everything you believe and conceive you can achieve!

Acknowledgement

Bismillahirrohmaanirrohiim

This has been a dream that I had been dreaming for some time. When it comes true, all don't come from me but from The Almighty. That is why I have to say "Alhamdulillahirobbil'alamiin" for this is the only sentence that can express my gratitude to Him.

I am also very grateful to my thesis advisor, Dra. Christinawati, who has been very understanding in showing me the way in making this thesis expresses all my ideas. I would also thank Dra. S. P. Sumarto D. M.Ed. who had introduced me to this poem and all the teachers in English Department that had shown me the world.

I won't forget all what my parents and my brothers and sister have been giving me. The caring, the understanding, and the beautiful life give the power to be my own self and to be one of them. I won't also forget my late grandmother and her prayers to me. To you all, these words can never express my love and my gratitude.

I would also thank my best friends in UKM PSUA who has been accepting me for what I am. The gratitude goes especially to all the '94 member of the choir especially Irwan, Anto, Juli, Nila, May-May, and Anna. I won't forget the songs and the happiness of being with all of you. You have been my second family.

Thanking all of my friends in the English Department is what I really want to do. They have been a great support on my thesis especially Yuliani, Titik, Yeni Tur, mbak Rika, and Desi.

The gratitude also goes to my best friends, my roommates: Iman, Syamsul, and Wilda, and all who lives in Gubeng Klingsingan III/19. Without them, I cannot realize that friends in need are the friends indeed.

I also thank my ex-SMAN 8 Malang best friends from which support me from far away: Unique, in Bandung, Etik in Malang, and Hananto. Thank you all.

Lastly, I want to thank the “unexpected” woman who fills the emptiness of my life and guides me back to where I suppose to be. I want to thank the sweetest Maghfira Yasmun for becoming the princess of this kingdom.

Alhamdulillahirobbil'alamiin.
