ACKNOWLEDGEMENT

Alhamdulillah, I would like to thank the Almighty Allah SWT for His Grace and Blessing so that I may finish this thesis as the partial requirement in finishing the study in the English Department of Airlangga University.

I owe an enormous debt of gratitude to Drs. Husein Shahab whose valuable guidance, patience, and understanding help me in finishing this thesis. His suggestions and encouragement were the impetus for me to write this thesis.

This acknowledgement is also due to all the lecturers of the English Department of Airlangga University who have been teaching me in many ways during my studies, especially Dra. Sudijah, MA and Drs. Hariawan Adji, ST for their constrictive advice and corrections to make this thesis better.

I acknowledge my grateful to Hurry for giving me the idea of writing this thesis and I wish to express my gratitude to Fira and Rere for correcting my thesis. I must say special thank to Dian Primita who graciously made things available for me to type the

script and many thanks also go to Ratih as my computer expertise. I want especially to thank Irma, Dian, and Era for I appreciate the time we have spent to share together.

My gratitude also goes to Armyn, Ayk, Dion, Irsan, and Samsul for helping me operate the computer. I also appreciate the help of students of the *Extensive Writing* course who have given me time, chance, and assistance to analyze their written works.

At last, I can hardly find the most appropriate words to express how grateful I am to my beloved *Mama* and all my brothers and sisters for their precious moral and materiil supports and to my dearest *Mas* for his irreplaceable encouragement, partnership, and good humour to the success of my study.
