Acknowledgements

I would like to express my deepest gratitude to The Only Owner of Universe and souls, Allah Swt. Thank you God for giving me courage to finish this thesis, for giving me your faith to worship you forever. I know I am not that good but I am trying to be good.

My deep gratitude also goes to Dra. Sudar Itafarida, M. Hum, my thesis advisor, who has devoted her precious time by giving her valuable support and advice in finishing this thesis. Words of thanks also go to all lecturers of English Department of Airlangga University, who have given me many brand new theories that I have never known before.

Also, my appreciation goes to the most important people of my life: Amak, Bapak, sisters (mbak Iwok, Sun and Erna) and cute nieces (Anti and Anda) Thanks for your unimaginable love, prayers, guidance, financial and emotional support in my life. Anger will never do us apart. To my late grand mother, thank you for giving me a chance to change my life.

At last but not least, I thank to all my best friends: Arrie, Titik, Mieke, Mita, Annie, Ira, Pipit, Wahida, Andri (and her family), and all the English students of 99. Thank you for being my amazing friends and supporting me for over four years in ups and downs. Our friendship will remain forever till the sun sets in the east. To Mr. Fazman, I don't want to run away but I can't help it, I'm so sorry. However, thank you for making me even stronger. To Kahlil Gibran, thank you for giving me such wonderful inspirations and dreams.
