ACKNOWLEDGEMENTS

Writing this thesis is surely a life changing experience to me. I discover so many things about myself that I am capable of doing or feeling. I had my lowest low and my highest high during the process but, in the end, I find myself grow more mature compare to where I started. It does sound a bit cheesy for some people, but it is true. From where I am now, I can gladly say that it is over and I cherish moment I had gone through.

First of all, I would like to deliver my huge gratitude to Allah SWT. Who never fails to light my spirit up when I was down and I did not know where else to turn.

This thesis will never be accomplished without the help of my thesis advisor, Erlita Rusnaningias. Thank you for your tremendous aid and advice. Thank you for making me critical toward anything, I have never felt the same again since I joined your class for the first time. I would also like to thank the rest of lecturers of Universitas Airlangga for their guidance and knowledge for all these times.

Undoubtly, there are a lot of people to thank. Without them this thesis will only be a piece of boring work, instead of meaningful experience. First and foremost, I would like to thank my mother, may be she is not the greatest mom on earth, but definitely she is the best mom I have ever had. And, I dedicate this to my father who has been very supporting all this time. My endless gratitude goes to my parents for letting me. I also want to thank my younger brother for his odd jokes.

There are still names to thank because without this guys I would not have great college years. Thank you to Sintya, Gita, Laely, Adrea, Shinta, Tanti, and Avika for being my best friends. I know I can be such an annoying person sometimes. Thank you to the rest of students in the 2010 year.

My friends and family are my support system. They tell me what I need to hear, not what I want to hear and they are there for me in the good and bad times. Without them I have no idea where I would be and I know that their love for me is what's keeping my head above the water.
